BRITISH CLOSING PINCERS AROUND CAEN

MONTGOMERY FORCES SMASH NINE COUNTER ATTACKS TO WIDEN BREACH IN NAZI LINE

Field Dispatches Say German Command Has Sent Virtually Entire Strength of Two Armies In Fierce Tank Battle

LITTLE CHANGE OCCURS IN FRONT POSITIONS

BULLETIN
Supreme Headquarters Allied Expeditionary Force, June 29—(P)—The supreme Allied command announced today that 292 German tanks have been disabled or destroyed in Normandy since D-Day. Incomplete reports showed at least 44 German aircraft shot down today over France and Germany. The air forces announced that since D-Day "enemy fighter bases supporting the battle area have been driven back 100 miles by Allied air attacks."

By WES GALLAGHER
Supreme Headquarters Allied Expeditionary Force, June 29—(P)—The Germans were reported today to have thrown the bulk of their 15th and 17th armies into the defense of Caen in an attempt to halt the British flanking thrust south of the inland port.

But Gen. Sir Bernard L. Montgomery's men smashed nine counterattacks in 24 hours and widened a breach in the enemy lines. Supreme headquarters announced British infantry and armor were streaming across the Odon river southwest of Caen in an ever-widening bridgehead.

FIFTH DRIVES TOWARD PORT BELOW PISA

American Troops Punch Forward Five Miles Along Italy's West Coast and Take Castagneto

RESISTANCE STUBBORN

By NOLAND NORGAARD
Rome, June 29—(P)—Along a highway littered with enemy dead and abandoned equipment, American troops of the Fifth Army punched forward another five miles along Italy's west coast yesterday and captured the town of Castagneto, only 25 miles from Livorno, while a second American column farther inland pierced through German lines to within a dozen miles of Siena, Allied headquarters said today.

Livorno is an important port 11 miles below Pisa, while Siena is a key rail and communications center 20 miles south of Florence. Capture of Castagneto gave the Allies control of an important lateral road which formerly linked the enemy's coastal defenders with the Nazis' central sector.

The enemy intensified by every conceivable means the retarding of the Fifth Army's advance, felling trees across roads, then booby-trapping them, destroying all bridges and laying minefields. The tactics failed to prevent a close pursuit, and an enemy infantry company which attempted to break the advance by infiltration back into the captured village of Sassetta was wiped out.

An American armored force driving from the southwest captured the road junction town of Monticiano on Highway 73, and leading elements thrust beyond to within 12 miles of Siena. The village of Monticianello also was taken.

The French, on the right wing of the Fifth Army, reported substantial gains, capturing the towns of Monticchiello, Pienza and Montalbano, all southeast of Siena. It was announced that the Fifth Army alone has taken over 25,000 prisoners since the offensive began seven weeks ago today, bringing to more than 32,000 the total gain of prisoners for the offensive.

The Eighth Army reported limited gains in heavy fighting in the areas of Lake Trasimeno and north of Perugia.

West of Lake Trasimeno the villages of Frattaviechia and Lafoce were occupied.

Ration Books Again Needed For Lamb and Soft Cheeses

Washington, June 29—(P)—Housewives will have to take their ration books to market again in buying choice lamb cuts and soft cheeses, and the butcher will take one to two more points a pound for beef steaks and roasts.

The Office of Price Administration, announcing point values for the period from next Sunday through July 29, said today it was necessary to put choice lamb cuts—chops, steaks and roasts—back under rationing because national distribution has not been equitable. Values assigned ranged from three points a pound for some chuck roasts to 10 points for loin chops.

The supply of beef steaks and roasts will be smaller by 12 percent in July, OPA explained in hiking the point values to a record

Gen. Eisenhower Has Visit With His Son

Supreme Headquarters Allied Expeditionary Force, June 29—(P)—Gen. Dwight D. Eisenhower and his son, Second Lt. John Eisenhower, had their first reunion since before the invasion of North Africa when the youth visited here shortly after his graduation from West Point earlier this month, it was disclosed today.

Lt. Eisenhower is understood to have returned to an infantry training school in the United States after spending his leave with his father.

Plane Centers And Refineries Raid Targets

London, June 29—(P)—Upwards of 1,000 Fortresses and Liberators attacked Germany today, hitting four aircraft producing centers, a synthetic oil refinery and a number of other military and industrial targets in the center of the Reich.

Escorted by an equal number of fighters, the heavies attacked aircraft plants at Leipzig, Oshersleben, Aschersleben and Fallersleben and a refinery and Bohlsen, capping a 12-hour Allied air offensive which saw more than 3,000 warplanes scouring important Nazi installations across the face of northwestern Europe.

Railroad centers haltingly feeding reinforcements to the Germans' taxed battlelines were other targets in the big assault. In darkness before the American heavies swept out, some 500 RAF Halifaxes carried the campaign against Nazi supply lines to the German border, bombing railroad yards in the region of Metz, near the world war battlefield of Verdun.

Simultaneously, night raiding Mosquitos hit Saarbrücken, a railroad center attacked by the American heavies yesterday, and an oil plant near Essen in the Ruhr. The Mosquitos made their attack without loss, while the British heavy-bomber assault on Metz cost 20 planes.

Mediterranean Allied air force bombers attacked objectives at the Romanian Danube river port of Giurgiu last night after some 500 heavy bombers plus fighter escorts from that theater yesterday smashed two oil refineries at Bucharest and a German airfield at Karlovo, Bulgaria.

Area Bond Sales Show Good Gain

Pittsburgh, June 29—(P)—Fifth War Loan Bond sales in the 19-county Ft. Pitt area showed a decided gain today, the war finance committee reported. Total sales of all bonds have reached 49 percent of the quota. Allegheny county purchasing \$109,962,300 in bonds and the other 18 counties \$54,318,300 for a total of \$164,280,600.

Individual bond sales now total \$43,969,900 for the area or 31 percent of the quota. Allegheny county is credited with \$13,748,400. Thirty per cent of the "E" bond quota has been reached, with total sales of \$23,480,800, of which \$12,776,100 was in Allegheny county and \$10,704,700 in the other 18 counties.

U. S. S. Wisconsin Breaks A Record

Philadelphia, June 29—(P)—The Philadelphia navy yard disclosed today that it commissioned the super-battleship Wisconsin only 18 weeks after she was launched—breaking its own record and probably the world record.

Making an exception to its rule against revealing commissioning dates, the yard through the Fourth Naval District announced that the Wisconsin, christened last Dec. 7, was commissioned here on April 16 by Rear Admiral M. F. Draemel, commandant.

The Navy's Board of Inspection and Survey examined the ship shortly before the commissioning and reported that it was "the most complete of any vessel, regardless of size, inspected by this board during the present war."

DELEGATES ARRIVING FOR VFW CONVENTION

Wilkes-Barre, June 29—(P)—More than 800 veterans of this war—many still wearing the uniforms in which they served from Sicily to Guadalcanal—were among the delegates arriving today for opening sessions of the 25th encampment, department of Pennsylvania Veterans of Foreign Wars of the United States.

RED OFFENSIVE ROLLING INTO WHITE RUSSIA

Soviet Armies Converging on Minsk Within 37 Miles of Important Capital City

MOGILEV IS CAPTURED

By EDDY GILMORE
Moscow, June 29—(P)—Soviet armies converging on Minsk drove within 37 miles of the White Russian capital today, pushing the Germans swiftly back over the same road to Warsaw and Berlin which Napoleon followed in his disastrous retreat from Moscow.

Like a huge grasping hand, the Red army reached for Minsk while artillery and bombers blasted a way for the ground forces.

The head-like Soviet offensive was formed by units fanning out to the northeast of Minsk like fingers, while strong groups southeast of the city formed the thumb.

With the freeing of Mogilev, the Russians for the first time in nearly three years have a direct rail route between Leningrad and Odessa.

A Russian military commentator, Col. Nikolai Akimov, said the reopening of this rail route "is a factor which should not be underestimated, for the advantage it affords in transferring forces parallel to the line of the front is one of the major conditions for achieving supremacy in any direction chosen for new blows."

The Russians have had four-fifths of the railway in working order since the winter, but have been unable to use the section passing through Vitebsk, Orsha, Mogilev and Zhlobin.

Field dispatches said the Germans had retreated from this area so quickly they had had little time to damage the rail line. The three main thrusts at Minsk were: Down the old Smolensk-Warsaw road; over the Bykhov-Minsk highway across the middle of the Berezina river; up through the valley of the Plich river over the Gomel-Minsk railway and highway.

Red army troops on the Smolensk road reached the upper Berezina north of Borisov, near the actual place where Napoleon, with his staggering remnants, made a crossing at the village of Studenki. Here advance units were 37 miles northeast of Minsk and Borisov appeared to be good as gone.

On the Bykhov-Minsk highway Red army units approached the middle Berezina area northwest of Osipovichi were 55 miles from Minsk.

Two large scale outflanking movements were part of the Soviet grand strategy aimed at the fall of Minsk.

Couple Held For Jewel Robberies

Philadelphia, June 29—(P)—A dapper, dark-haired man and his attractive blonde wife were held today, FBI Agent John F. Sears said, in connection with jewel thefts from wealthy society figures from coast to coast.

A raid on the couple's apartment yesterday, Sears said, produced two revolvers, a blackjack, a can of ether, three bottles of chloroform, eight bottles of "knockout drops" and a notebook with names and addresses of wealthy women in all parts of the country, with descriptions of their jewelry.

Sears said they were wanted on jewel robbery charges in Los Angeles, Kansas City and Brookline, Mass., and for thefts of cash from Boston department stores.

Board Announces Liquor Allotment

Harrisburg, June 29—(P)—Pennsylvanians will continue to get one fifth gallon of whiskey at state stores during the next rationing period extending from July 10 through Aug. 19, the Liquor Control Board announced today.

The rationing period is being reduced from seven to six weeks, however, due to a seasonal decline in purchases during the summer months.

Licenses will continue to receive 60 per cent of their former normal purchases and the board said there is no immediate prospect that this percentage will be increased.

Free Civilians Hold Meeting In Cherbourg

By LARRY LESUEUR
CBS Correspondent
Distributed by The Associated Press

Cherbourg, June 29—Leaders of the French resistance movement held a meeting of Cherbourg civilians today while the sound of guns still crashed through the city.

It was a historic occasion, the first public meeting of the liberated people of Cherbourg. Dressed in their patched blue and black clothes, worn out in four years of German occupation, they listened attentively to the voice of the chief of the Cherbourg resistance movement. And then, amidst (Turn to Page Eleven)

Division Leaders In France Lauded

Washington, June 29—(P)—Secretary of War Stimson said today the fall of Cherbourg came with "commendable speed" despite the obstinate resistance and house-to-house fighting put up by the German defenders.

"Three American divisions took part in the final defeat of the Nazi in this area," the secretary said in his weekly news conference review of the war. "They were the 79th division, many of whose men came from Pennsylvania, under Maj. Gen. Ira Wycze; the 4th division under Maj. Gen. Raymond O. Barton and the 9th division under Maj. Gen. Mantion S. Eddy. The 7th Corps, embracing these divisions, was commanded by Maj. Gen. J. Laughton Collins, who previously distinguished himself in the campaign which completed the elimination of the Japanese on Guadalcanal."

Commenting again that the Germans in Cherbourg "did fight vigorously and persistently," Stimson asserted that this was enough for us to know that the battles ahead will be stern and that this is no time for over-confidence or for a let-down in our effort.

Company 'I' Leaves Friday For Encampment Maneuvers

Arrangements are being completed for Co. I, 16th Infantry, Pennsylvania State Guard, to leave tomorrow evening for the annual maneuvers at Indiantown Gap which will open Saturday and conclude July 8th.

According to Capt. James V. Scalise the unit will be composed of sixty men and two officers plus the Battalion headquarters with three officers including Major Arthur Dickinson, Lieutenants John Hedman and John Stewart.

The local unit will make the trip on a special train to be made up at Erie with units from Oil City, Franklin, Corry, Erie, Kane and Bradford. The special is scheduled to arrive in Warren at 8:45 o'clock and it is expected that it will pull out fifteen minutes later.

Preliminary arrangements for the encampment will be completed this evening when Dr. Paul G. Fago, Youngsville, will finish inoculations and examinations of men in the company.

REPUBLICAN NOMINEE SPENDS BUSY DAY CONFERRING WITH PARTY LEADERS IN CHICAGO

Lawrence "Delighted" With Ticket Chosen

Harrisburg, June 29—(P)—A prediction President Roosevelt will receive a larger majority this year than he did in 1940 was made by Democratic State Chairman David L. Lawrence following nomination by the Republican convention of governors Thomas E. Dewey and John W. Bricker for president and vice president. Lawrence said he was "delighted" with the nominations.

Gov. Dewey and Party Expected to Leave for Albany Some Time Saturday

TO MEET WITH PRESS

BULLETIN
Chicago, June 29—(P)—Gov. Thomas E. Dewey told what he called the "world's biggest press conference" today that he hopes to confer with all of the nation's Republican leaders, including Wendell T. Willkie, on presidential campaign plans. Wearing a light grey suit, Dewey appeared fresh and rested at his press conference, despite the physical strain of shaking hands of thousands at a public reception lasting past midnight last night.

By the Associated Press
Chicago, June 29—(AP)—Gov. Thomas E. Dewey, losing no time in opening his drive for the presidency, jumped at once today into the work of fitting together the organization for a party-backed campaign.

Up early after a reception in which he, Mrs. Dewey and Gov. and Mrs. John W. Bricker of Ohio shook hands with thousands of persons, the Republican ticket leader breakfasted in his suite with his running mate.

From there he arranged to make a short appearance before members of the Republican national committee, meeting in the hotel across the street from his quarters in the Stevens. He scheduled his first news conference since his nomination a short while later.

The Dewey agenda also included a conference with former President Herbert Hoover and other party leaders during the day. He will remain in Chicago tomorrow, probably leaving for Albany sometime Saturday.

As the footweary convention crowds headed homeward, all signs pointed toward evolution of a highly organized and unified drive between now and November.

What dissension there was appeared to melt away like a snowball under the hot Chicago sun when Gov. John E. Bricker of Ohio agreed to become Dewey's running mate, instead of his chief contender for top honors, and accepted the vice presidential nomination.

The two clasped hands on the convention stadium platform and exchanged remarks of mutual admiration and confidence in victory. Youth against age was the predominant theme of Dewey's acceptance speech as he set out to follow Franklin D. Roosevelt's trail from the executive mansion in Albany to the White House via the Chicago nominating conventions. Mr. Roosevelt, too, flew to this city to accept the high honor in 1932.

The 42-year-old former racket-buster in his opening statement to the American electoral jury last night, promised "next year our government will again have a cabinet of the ablest men and women to be found in America."

"It's members," he declared, "will expect and will receive full delegation of the powers of their office. They will be capable of administering those powers. They will each be experienced in the task to be done and young enough to do it."

The task of achieving a lasting peace, he declared, "is no task to be entrusted to stubborn men, grown old and tired and quarrelsome in office."

AERIAL BASE AT HENGYANG IS ABANDONED

Report States That Vital Chinese City Is In Flames After Terrible Assault

LOSS IS SEVERE BLOW

By J. B. KRUEGER

Associated Press War Editor
Japanese troops hammering at Hengyang have captured the U. S. airbase there, thus reaping one of the first major fruits of their drive to slice China in two. It was partial recompense for the progressing American conquest of Saipan in the Pacific.

Chungking, conceding abandonment of the advance field, reported the vital Chinese city had burst into flames under the pressure of the greatest Japanese China offensive since 1938.

Loss of the base was a hard blow to the Allies, and Maj. Gen. Claire Chennault's quickly retaliated, dropping 1,000-pound bombs from their P-51s and knocking out one runway.

Twenty thousand Japanese battled with fury to stem American forces slowly weighing them into the northern neck of Saipan island.

The foot soldiers inched into Garapan, Saipan's capital, blasting out the defenders street by street. They moved two miles up the east coast through two villages. Japanese trying to break out of Nefutan peninsula trap were mowed down, 200 dying in the vain effort.

Admittedly the Saipan fighting was as rough as anything yet encountered in the Pacific.

A second trap was closing on thousands of Nip troops falling back on Wewak, New Guinea coastal base.

Gen. MacArthur's airmen bombed (Turn to Page Eleven)

Five Drown Playing In the Susquehanna

Wilkes-Barre, June 29—(P)—"Mother told me," 12-year-old Bernadine Adziorke sobbed today, "not to play in the water."

Bernadine obeyed, and lived. But it fell to her to break the news that five girl playmates, whose mothers also had warned them against the Susquehanna's swift current, had drowned in 10 feet of water.

Casualties List Over 55,200 Dead

Washington, June 29—(P)—American casualties in the war, including the first two weeks of battle in Normandy, total 244,158, of these, 55,206 are dead—35,104 soldiers and 20,102 navy, Marines and Coast Guard personnel.

Secretary of War Stimson reported today that through June 13 American army casualties were 179,928, of which 32,022 were killed, 73,668 wounded, 37,766 missing and 36,467 prisoners.

To be added to them, however, the report of supreme Allied American casualties tallied 24,162 two weeks of fighting in France headquarters that during the first week 3,082 killed, 13,121 wounded and 7,959 missing.

The latest navy casualty list totals 47,073, including 20,102 dead, 13,303 wounded, 9,308 missing and 4,461 prisoners.

Kiwanians Enjoyed Jolly Picnic Outing

About 35 members of the Kiwanis Club and guests enjoyed a most happy picnic outing last evening at Blomquist's Island, North Warren. The spot is an ideal one for such an event and the men present report a delightful time. A chicken dinner with biscuits and trimmings was discussed with gusto and good appetites and it was all that the palate could desire.

Following the dinner various sports enlivened the evening as horse shoes, hand ball and other events helped pass the time. About 2000 copies of the "Home Front News" were placed in envelopes and forwarded today to the men in the service from this county.

Dick Ross and "Ceese" Winans proved adept at barnyard golf and the way those two fellows threw "rings" and "hubbers" held the spectators spellbound. Their early training down on the farm was evidenced by their skill. Arnold Whisen, Robt. Alexander, Karl Peterson and Ed Bimber lost a few pounds at hand ball and their agility excited much envy from some of the boys with bay windows. A round table discussion was also enjoyed.

Several guests were present among them G. A. Blomquist, of North Warren; R. F. McCormick, of Pittsburgh; T. O. Erickson, of Washington, D. C.; Edward Sager Lowrey, Charles Burnett, Jr., and Roger Burnett, of Warren. The committee in charge was given a vote of thanks for the fine evening and all were warmly congratulated by the men.

Obituary

Unless otherwise stated, visiting hours at Warren's funeral homes are from 10 a. m. to 12; 2 to 5 and 7 to 9 p. m.

MRS. SAMUEL HUNT

Services were held at 2:30 p. m. Wednesday at the Peterson Funeral Home for Birdina Hunt, wife of Samuel Hunt, 34 Hemlock street. Dr. H. H. Barr officiated and the following were bearers for interment in Oakland cemetery: Henry Hunter, Lloyd VanTassel, Merle and Robert Bailey.

Those who came from away to attend the rites were Mr. and Mrs. Henry Hunter, Tidoute; Mrs. Anthony Gotto, Niagara Falls, N. Y.; Mr. and Mrs. Robert Bailey; Mr. and Mrs. Merle Bailey; Mrs. Eugene Bailey, Bradford; Mr. and Mrs. Emmett Fellows, Mrs. Harry Wittaker and son, John, Jamestown, N. Y.; Mrs. Rose Morron, Pittsburgh; Martin Bailey, Kane.

Thompson's Borsoma Tablets

Often bring quick relief to sufferers from headaches, dizzy spells and miserable aches, and pains. If your kidneys are not carrying off the bodily wastes and excess acid as they should you feel ill and cannot tell why. Thompson's Borsoma Tablets aid the kidneys in filtering out these poisons. They are effective and harmless, but bring relief with amazing comfort. 50c at all drug stores. If constipated take Golden Lax Tablets to assist the good work of Thompson's Borsoma Tablets.

TIMES TOPICS

OFFICE CLOSING

The Department of Public Assistance will be closed from Friday, June 30 until Wednesday, July 5.

CAPTAIN IN TOWN

Capt. Robert L. Dennison, U. S. N., here for a brief leave at the Albert Rockwell home, leaves tonight for Washington, D. C., where he is attached to Admiral King's staff.

REPORTED WOUNDED

A War Department list of 150 Pennsylvanians reported wounded in action includes the name of Pfc. Paul Trubie, son of Mrs. Anna Trubie, 404 South Main street, Sheffield, serving in the Mediterranean area.

FAREWELL FOR PASTOR

Members of Calvary Baptist church will tender a farewell party to Pastor Martin Hamlin and his family on Friday evening. The gathering is scheduled at 7:45 p. m. and all friends of the church and pastors of the community are cordially invited.

STORES TO CLOSE

Among the business establishments which will be closed Monday, July 3 and Tuesday, July 4 are Pickett Hardware Co., and the Texas Lunch. They are doing this to give their employees an extended weekend vacation.

CLEANING UP LOT

Ground formerly occupied by Conewago Refining Plant No. 1 during the past few weeks has been cleaned up. Most of the old tankage has been torn out and the old brick and other material in the buildings has been removed. The appearance is greatly improved.

MAILING APPLICATIONS

Inasmuch as the new law relative to manpower goes into effect on Saturday and after that date all firms hiring male employees must have priority ratings applications are being mailed out today. The mailing from the Manpower Commission will set forth many details of the rulings and they must be complied with.

80TH DIVISION REUNION

The 27th annual reunion of the 80th "Blue Ridge" Division will be held in Philadelphia, August 3, 4, and 5, 1944 in the Normandie Hotel. Chairman of the reunion committee is Rodney T. Bonnell of Philadelphia. All veterans of the "Blue Ridge" Division are invited to attend. Carl F. Case, national commander of the 80th Division Veterans Association, will head the delegates from Pennsylvania, Virginia, West Virginia, Ohio, New York and Washington, D. C.

CIGARETTES ARE SCARCE

Cigarette dealers about the city are having their troubles keeping their stocks sufficiently large to care for their trade. The dealers are now getting about 50% of the smoke that they require to supply their trade. In many of the stores the customers are being limited to one or two packages and a number of the best known brands are entirely off the dealers shelves. Cigarettes too are few and far between and the six cent brands are seldom seen and most of the cigars are now selling for 11 to 18 cents.

BURGLARY SOLVED

Recent entry and burglary of the Oscar Knopp filling station at North Warren has been solved by county and State Police, who on local State Police officers, who on Wednesday brought to Warren county jail here a 17-year-old Jamestown lad who formerly lived in Warren. Another boy, aged 14, was also implicated but because of a difference in state laws governing juveniles was remanded to the custody of his parents in that city. The older youth, charged with burglary and larceny, waived extradition and accompanied local officials to Warren. He was arraigned this morning before Justice Tracy Greenlund and was remanded to the custody of the sheriff for certification to juvenile court.

Greenlund Is Advanced At Life Agency

It is learned in a special announcement by the firm today that T. E. G. Greenlund, son of Mr. and Mrs. Tracy Greenlund, of Warren, has been appointed agency manager of the William A. Arnold, 2nd, agency of the Penn Mutual Life Insurance Company, with headquarters in the State street building in Pittsburgh.

Mr. Greenlund will manage the agency during the absence of Mr. Arnold, who has been commissioned a lieutenant (j.g.) in the U. S. Navy and reports for active duty and indoctrination today at Fort Schuyler, New York. Mr. Arnold's commission was one of the last signed by the late Secretary of the Navy, Frank Knox. Company officials prevailed upon Mr. Arnold to keep his agency while in the service and it will continue to be operated in his name. The Arnold Agency ranks fourth in the country in production volume and the office services more than \$58,000,000 of insurance on the lives of policyholders in central Pennsylvania.

Mr. Greenlund was born in Warren where he attended the public schools, later graduating from Allegheny College. Following graduation from college, he held various positions with a liquid fuel engineering firm in Warren, serving nine years as general manager and secretary. He still serves as director.

He brings to his new post a rich background of experience. He started his life insurance career with the Penn Mutual in Pittsburgh, 1936, specializing in salary savings and pension plans in addition to personal production. In January, 1943, he was appointed territorial manager of the Pittsburgh Agency and supervised 22 agents in western Pennsylvania, eastern Ohio, and the West Virginia Panhandle, accounting for a yearly volume of \$1,375,000 of paid business for the year.

Mr. Greenlund is past master of Joseph Warren Lodge No. 726, F. & A. M.; past master of Occidental Council No. 41, Royal and Select Masters; former member of the Warren First Presbyterian church and the Christ Methodist church of Pittsburgh. He is a member of the Pittsburgh Life Underwriters Association and the Pittsburgh Supervisors Club. He also is a member of two college fraternities, Alpha Chi Rho national college fraternity and Alpha Chi Sigma professional chemistry college fraternity.

He married Elizabeth Arnold at Pittsburgh in 1928 and they have three children, Tracy, Elizabeth and Arnold.

ARMOUR LEAVES FOR HOME

Buenos Aires, June 29.—(P)—United States Ambassador Norman Armour and Chilean Ambassador Conrado Rios Gialardo left here this morning for their respective home capitals. Armour was accompanied to the airport by the British ambassador Sir Duff Kelly. (The state department announced earlier this week that Armour had been recalled to Washington for consultations.)

County Boy Home After Long Service

Mr. and Mrs. Frank Wilcox of Lander, had a happy surprise on Monday when a telephone call came from their son, Arden, radio-man first class in the U. S. Navy, that he had arrived from the Marshall Islands and was in Chicago en route home on a 20-day leave.

RM Wilcox has been in the navy for three and one-half years and was attending radio school at Pearl Harbor when it was attacked by the Japanese in 1941.

He had his basic training at Newport, R. I., and will report to Seattle, Wash., at the end of his leave for further assignment.

Grange News

VALLEY MEETING
Valley Grange, No. 846, will hold its next regular meeting on Saturday evening, July 8, at which time the third and fourth degrees will be conferred. A large attendance is hoped for and all officers are requested to be present. Each one is asked to bring something to go with coffee for refreshments.

CAMPERS NEED A COOK

It is learned today that Camp Birdsall Eddy, Girl Scout camp at Grinderville, is facing something of a problem. Sixty-three Brownies are at camp for their first-summer session and the staff is badly in need of a cook to replace someone who is obliged to leave today. Anyone having a bit of time to devote to such a project will be doing the staff and campers a big favor if they will call Scout headquarters, 1895.

MEN AND WOMEN IN THE SERVICE

Mrs. Raymond F. Thomas has received word that her husband, F. C. Thomas, has arrived safely at an overseas destination. Mrs. Thomas and baby son, Thomas A., have returned to the Schweizer home at Hemlock from Warren General Hospital, news from her husband coming while she was a patient there.

PROMOTED IN ENGLAND

Word has been received that Sgt. Earl R. Nobles, son of Mr. and Mrs. L. Nobles, of Clarendon, stationed with an ordnance company in England, has recently been promoted to the rank of staff sergeant.

Pvt. Floyd Passinger has arrived from Camp Clairborne, La., for a 12-day furlough with his mother, Mrs. Eva Passinger, and friends.

Republican Nominee Spends Busy Day Confering With Leaders

(From Page One)

"It seems," he declared, "that the great men who founded this nation really knew what they were talking about when they said that three terms were too many."

A middle course between international aloofness and full membership in any world state was advocated by the shaggy-browed 1944 standard bearer on the tough foreign policy issue.

"We are agreed, all of us, he said, 'that America will participate with other sovereign nations in a cooperative effort to prevent future wars.'"

"There are only a very few," he added, "who really believe that America should try to remain aloof from the world. There are only a relatively few who believe it would be practical for America or her Allies to renounce all sovereignty and join a super-state."

Senator Robert Taft of Ohio, chairman of the platform committee, told reporters: "He stands on the platform 100 per cent."

Wendell L. Wilkie, who came from behind to beat Dewey for the nomination in 1940 and who recently criticized the foreign policy plank as "ambiguous," congratulated Dewey and said he has "one of the great opportunities of history."

As his petite brunette wife looked on intently, Dewey, first Republican to win the New York governorship 20 years, made these other points:

1. The first and foremost job is to win the war, and to defeat "once and for all" the German and Japanese will to make war.

2. The present military high command is "doing a superb job" and should be allowed to continue without any civilian interference.

3. The administration now is beset by internal squabbles and feuds—"warring, bungling and confusion". In seven pre-war years of "unequalled power and unparalleled spending, the new deal failed utterly to solve" the fundamental problem of providing jobs and opportunity. It has lived in "chattering fear of abundance," specializing in curtailment and restriction."

4. "This must be a land where every man and woman has a fair chance to work and get ahead. . . . We Republicans are agreed that full employment shall be a first objective of national policy."

As early as January, 1943, the Luftwaffe employed a jet-propelled interceptor plane effectively against RAF bombers at Brunswick. Its rate of climb was 4½ miles a minute—400 per cent better than our fighter planes.

Individual Bond Sales Lag Seriously Late Reports Shows

Keen disappointment was felt at Warren County War Finance headquarters this afternoon when the first returns from the Fifth War Loan campaign revealed that only a trifle more than 20% of the quota for Individual Bond Sales had been reached.

Toward the county quota of \$1,850,000 individual sales through yesterday were slightly under \$400,000. This includes all sales of "E" Bonds and other issues purchased by individuals, as reported by the Federal Reserve Banks and county issuing agencies.

The most conservative estimates had placed the probable figure to be reached today at 50%, even when it was seen that the house-to-house canvass was not proceeding as rapidly as had been hoped.

R. W. Mackay, vice-chairman of the War Finance Committee, stated this afternoon that reports had come from headquarters from several county districts and from some borough zones that there are many people upon whom volunteer workers have not yet called and who have been saving their purchases until the block worker or team member solicited them.

Corroborating this, M. H. Dear-dorff, chairman of the Fifth War Loan, commented that there were a number of bonds sold at local issuing agencies to persons who would have purchased them from bond drive workers had the calls been made.

"If we could be sure that every potential bond buyer would buy his or her extra bond, whether called on or not, we would not be so concerned," Mr. Dear-dorff said. "Unfortunately, that is not the case. It has been proved in previous drives, War Loan and others, that quotas cannot be met without personal solicitation."

"Workers have today and tomorrow to complete their canvass. They have not failed our country and our fighting men before—I will not believe that they will fail in their job now."

Considerable surprise at Warren county's showing in individual bond sales will also be felt at state headquarters where this county is recognized as one of the Keystone State's bulwarks in bond drives and where the county has an enviable reputation in the light of its performance in the four previous drives.

While grave concern was being expressed over the total of individual sales, there was considerable consolation in the report of the committees in charge of bond sales to industrial corporations, business firms, etc.

Their report showed that the industrial and business firms are going all-out in the Fifth War Loan and their quota is now in sight.

OWLETT CONTINUES
Chicago, June 29.—(P)—Pennsylvania's Republican National Committeemen—G. Mason Owlett and Mrs. Worthington Seranton—will continue in their posts four more years. Selection of the national committee members was confirmed by the national convention yesterday.

Because American airmen in England are day-attack flyers who generally fly higher than the RAF they must watch their diets closely, while the RAF bomber airmen may generally eat what they like.

The first British bomb to fall on German soil in this war was a 200-pounder dropped on the Sylt seaplane base on March 19, 1941.

Fair Ball

Attractive, six-foot Spar, Gretchen Pierce, rears back and lets 'em have it pitching baseball for Newport News club in Fifth War Loan Drive game.

READING & WRITING

BY Edwin Seaver and Robin McKown

It is often very hard for grown-ups to understand what goes on in the minds of children—our memories are short perhaps. One man who has not forgotten is Marquis W. Childs, whose new novel, "The Cabin," shows unusual insight into the mysteries of childhood.

MARQUIS W. CHILDS

Mr. Childs hitherto has been best known as a newspaperman and a political writer, author of "Sweden, the Middle Way," "This Is Your War," and "I Write from Washington." "The Cabin," his second novel, definitely establishes him as an important fiction writer.

This is the story of three weeks in the life of thirteen-year-old Rob Dennett, three weeks which he spent on his grandfather's farm. His grandmother is a tyrannical, hypochondriac woman, cloaking her shrewishness when necessary beneath a saccharine sweetness. His grandfather, a pathetic creature, is still fighting, vainly, after a lifetime of failure, against his wife's domination. The heroine of this story, a very real heroine even though she wears faded patched petticoats and has the face of an old witch, is Rob's spinster Aunt Stella, whose own life has been wrecked by her mother, but who is fanatically resolved that the same thing won't happen to the boys. By the end of the story, when she dies as inarticulately as she lived, you are made aware that it is she who has steered Rob from danger and that it is she who has opened for him the door leading to normal and vital manhood.

Maria Manning, who for over fifty years has conducted an advice to the lovelorn column under the name of Beatrice Fairfax, tells in her autobiography "Ladies Now and Then," of one of the first letters she ever received. It was from a young man with a fearful problem. His landlady was holding the fact that he had not paid his rent as a threat over his head to get him to marry her. The trouble was, the young man said, that the landlady was an old hag and he was really in love with her daughter. What should he do? Beatrice Fairfax advised him to get a job and pay his rent.

Summer Welles' long awaited book—"The Time for Decision"—will be the Book-of-the-Month Club selection for August. The Club also announces that the next book dividend to its members will be a special edition of "Tales of Edgar Allan Poe," with an introduction by Hervey Allen and 39 wood engravings by Fritz Eichenberg.

Since time immemorial man has dreamed of escaping from this planet to walk upon the moon or Mars. This is not at all impossible according to scientific writer Willy Ley, who in his book, "Rockets," prophesies that within the next several centuries we will see rockets conquering the immensities of space.

THE REPUBLICAN NOMINEE

Norris Paxton, Associated Press correspondent at Chicago, furnishes the following brief sketch of Gov. Thomas E. Dewey, Republican candidate for president:

He's the father of two young sons, likes to visit with neighbors, admires his wife's "good horse sense," is an inveterate golfer, is an Episcopalian but doesn't always attend Sunday service, and has realized an ambition to "own a little farm." And he's the candidate of the Republican party for president of the United States.

Thomas E. Dewey, at 42 governor of New York, got that way by heading advice such as any college football coach might give. He has "kept his eye on the ball."

Like many other successful young executives in other lines of "work," Dewey mixed a little luck with lots of effort and perseverance to become a political head-liner.

He lost an effort to become New York's governor in 1938, being defeated by Herbert H. Lehman, now director of the United Nations Relief and Rehabilitation Administration (UNRRA). He rectified that with a smashing victory in 1942 which broke a 20-year succession of Democratic governors.

In 1940 he reached for the presidential nomination; saw it slip away to Wendell L. Willkie. He adopted new tactics.

Yesterday's Republican national convention wrote the different result in capital letters.

It was no surprise to those who know Tom Dewey best. He thrives on adversity, and laughs at the "hickings" he has taken.

FOURTH OF JULY CATASTROPHIES

One of the quietest of Fourth of July holidays is approaching for citizens of Warren and surrounding communities. For this reason it is anticipated that there will be a general migration to distant points of pleasure by those who will be able to find the facilities to get away from the front porch or shady back yard. Just as a reminder to those who are planning to travel over the holiday the National Safety Council sends out the following warning:

Almost one thousand Americans—men, women and children—will start out to celebrate the Fourth of July this year, and they won't come back.

They won't come back, the National Safety Council said today, because they will die in accidents. Some will be killed in traffic. Others will be drowned. Still others will be burned to death, or killed in falls. Some will die of over-exertion or over-exposure to sun.

This huge holiday accident toll, the Council pointed out, is not inevitable. It can be reduced to the extent that the people of America want it reduced. All that is necessary to reduce it, the Council said, is extra care, common sense and courtesy.

In a united effort to prevent this major catastrophe on the home front, 130 national organizations have joined with the Council in a nationwide campaign to enlist every citizen of the United States in a mass attack on accidents over the Fourth of July holiday period.

The Council emphasizes that the anticipated death toll of almost 1,000 is not a prediction, but is based on the average accident fatality totals for July days in previous years that correspond to this year's holiday period—from noon Saturday, July 1, through Tuesday, the fourth.

Traffic alone may be counted on to take a toll of almost 300 lives in that period, the Council said, unless drivers and pedestrians take special care to avoid accidents.

Let's dedicate this Fourth of July to helping our fighting men and hurting the enemy. Put victory first on the Fourth. Let's not permit accidents to turn it into a Hitler holiday.

WHA-A-A-AT!!!!

The Times-Mirror, long accustomed to reporting fine progress in campaigns and drives in Warren and Warren county, finds itself completely taken back by the first returns from the Fifth War Loan in our county.

Our feelings are perhaps best expressed by the reaction of an editorial worker who, when he heard that only \$400,000 in bonds had been sold to date to meet a quota of \$1,850,000 assigned to individual purchasers, ejaculated,

"WHA-A-A-AT!!!!"

It is almost unbelievable that Warren county, four times one of the leaders in this state in War Loan Drives, would have become so complacent in this most crucial time of this conflict. We are loath to believe that the next few days will not see a sharp turn upward in the sale of "E" Bonds and other issues available to individuals.

Twenty per cent is a very poor percentage at this stage of the campaign—we certainly hope that the workers throughout the county will put forth every effort in the next 24 hours to canvass their districts thoroughly.

T-H-O-U-G-H-T-S

For we brought nothing into this world, and it is certain we can carry nothing out.—I Timothy 6:7.

Ah, make the most of what we yet may spend,
Before we, too, into the Dust descend.

—Fitzgerald

The Preliminary Steps Have Been Taken

YEARS AGO IN WARREN

Interesting Items Taken From
The Warren Evening Times

In 1924

George S. Moran has completed a deal for the purchase of the Jay Jones property on Hazel street. The property was formerly owned by Russell Van Dorn, of the Struthers-Weiss Company.

E. T. Abbott has filed an application for permission to operate a bus line between Warren and Jamestown via Sugar Grove.

The Warren Veneer and Panel Company will erect a new addition to their plant 60 x 90 feet. Increase of business makes the addition a necessity.

W. C. Abplanalp will erect a new milk sterilizing plant on Lexington avenue and work will be started at once. The new plant will be modern. The plant will be of brick.

Work has been started on the roof of the big baking plant being built at Laurel street and Fourth avenue. The H. S. King Company is laying the roof.

In 1934

Word has been received that the band from the Meadville home will be in Warren for the IOOF picnic to be held at the Outing Club on the last Thursday in August.

Between 30 and 40 engineers and farmers of Western Pennsylvania who are on a tour of this end of the state will visit the state hospital. They will come to this city from Folk.

Fire at the Riverside Acid Works in the pan house last night did damage to the amount of \$10,000. The department was kept on the job for five hours.

Washington In Wartime

By JACK STINNETT

WASHINGTON — With politicians beginning to think of almost everything in terms of the November elections, they now are starting to wonder openly if the administration isn't supplying the opposition with a few political blockbusters in the handling of foreign policy.

Actually, only history and the opening of a few files that wartime secrecy now keeps closed will make it possible to evaluate the administration's moves. But, unfortunately, history can be weighed only in perspective and those files aren't likely to be opened between now and November.

This is a rather surprising swing of the political pendulum. A few months ago opponents of the President were so uncritical of this country's foreign policies that their political advisers were cautioning them not to broach the subject at all. Their idea was to make the fight for the Presidency on purely domestic issues.

THEN these things happened:

(1) More than a handful of the Irish were stirred up by our demands that Axis diplomats, accused of having an eye on the invasion and both ears to the ground, be tossed out of Eire.

(2) Sweden, Turkey, Spain and several other countries were threatened with economic warfare if they continued selling war supplies to the Axis.

(3) A Polish-American Roman Catholic priest was permitted to visit Russia where he was lionized almost as much as if he had been a personal representative of the government, and anti-Communist poles and Catholics reacted immediately and vigorously.

(4) There was some outspoken criticism on harding of recognition of the new government in Bolivia and some major grumbling that all wasn't as well as it might be with our "good neighbor" policy.

(5) Troubles with Gen. Charles de Gaulle and the French Committee of Liberation neared their climax on D-Day and became so muddled that few of our better foreign policy observers could reach any unanimity on the subject other than that it should not have been permitted to happen.

(6) Popular Finnish Minister Procopce and his staff were asked to leave the United States only a few days after Finland announced it was earmarking funds it has in this country for another payment on its war debt.

AS to the right or wrong in these moves, leave that to time and the experts. It still remains that most of them are debatable on the facts now known. And there is no doubt that a good many voters' toes have been trod upon. Polygot America is full of sympathies engendered by blood, marriage, ideals or just plain kind-heartedness.

Administration opposition knows and hasn't wasted any time taking advantage of it. Congress, when in session, is always the most readily available springboard and none of the above mentioned openings were public a day or so before anti-Roosevelt members were spilling criticism all over the Congressional Record. Politicians now are wondering if the administration may not have angled itself into a spot where it will have to defend its handling of certain foreign policies at least.

HOLEPROOF SCREENS COMING

The familiar wire window screens that have always caused the home owner so much trouble to patch, and which look so ugly when patched, may soon be replaced by a plastic called Velon. It can be stabbed with a pencil without leaving holes.

CAMERA CHARTS TARGET

A new camera enables an aerial photographer to determine the exact longitude and latitude of each mapping spot taken over a war zone. The camera photographs an enemy installation and so marks the print that bombers may then return to the exact spot.

Murder at CANDLEWOOD

by Gene Bunker Lumley

Chapter 13

SPRING saw Dirk lay the girl back on the couch. He drew a knitted gray shawl over her. He came back across the room, his eyes dark and sick.

Jo was gone, out of their reach. It was as if a door had been closed in their faces. Death had taken Jo Winters, and all that she had left of a clue to her murderer's identity were the three incredible incoherent words: "The...beav...er...moved!"

"What—what's the matter! What happened?"

It was Moira Hastings' voice from the doorway, and there was a quick, sharp note of hysteria in it. She was a tall, colorless wraith in a white chenille housecoat and her black eyes, enormous with fright, were staring at the gray bundle on the couch.

Gil tried to answer, but his lips twisted in an anguished, broken movement and nothing came. Justen muttered:

"Jo is dead!"

"Oh, God, no!" Moira swayed, reached out blindly and caught Great Aunt Adelaide's chair; Dirk, the only calm one in the room, turned the girl toward the front parlor across the hall.

Someone remembered to shut the door to the back parlor, as if a door could shut out all the things the room held. Theron, aroused by the bell system connecting the house with the shop, where he slept, had come in and he quickly made a fire. Moira, huddled in the wing chair where Dirk had put her, stared into the growing fire, but seemed to feel no warmth from its blaze. She didn't look at the others. Spring was too stunned and terrified after her experience to analyze anyone just yet.

For the first time in all the years, Spring saw her Great Aunt Adelaide beaten in spirit and body. The old lady slumped in her wheel chair, her cane quiet across her blanketed knees. The high, proud knot of white hair was braided around her head and somehow the childish coils gave the rugged old face a pathetic quality. She was close to the end of the circle, thought Spring, with compassion; and Jo's death tonight would do something to that stubborn spark of life in her withered old body. Jo had been closest to Adelaide of anyone in Candlewood, past or present. And watching her aunt now, following the deadly straight path of her sunken eyes as they rested on Dirk's face, Spring felt a sharp tug of fear.

GIL, too, was watching Dirk. But there was not in his grief, quiet gaze the hatred of Adelaide's. Only a faint questioning look. He stood in the middle of the room, watching all of them. Justen sprawled in the wing chair opposite Moira. The fire glow sharpened his thin cheeks, his face was a mask, his eyes evasive.

Aunt Drusilla sat stiffly, alone in the great bay window in the shadows, and she was staring out across the rainy night to that other bay directly opposite in the back parlor. She kept her white hands clasped tightly in her lap. Dirk sat on the couch beside Spring. He looked at the clock on the mantel. It was ten minutes past three.

"We'll have to telephone the police," Gil said heavily.

Spring shook oddly at the glance Justen slid her. Theron came in with a second load of firewood. He was an ugly hulk of a man. She hadn't liked him from the first, this substitute for Josh. Who was he? And where was Josh? And what was the matter with Moira? Here was the calm, efficient Moira edging on hysterics. Why? Spring shivered in the heat from the fire. Who had passed her

on the stairs? That shadowy, unreal figure etched so brief an instant against the stair window had been the murderer. Spring knew that now, knew that Aunt Dru had been downstairs somewhere in the darkness, too. And how many of the others? She, herself, had been near.

There was no answer to the question shutting back and forth in her mind. There was no reality in anything out of the whole terrifying night except the silent gray heap on the couch in the back parlor. . . .

"WHY don't you call the police?" Great Aunt Adelaide quavered across the room.

Gilbert moved slowly toward the door, leaving it wide open into the hall. Silence, breathless and smothering, fell across the parlor. They waited for Gil to give the number, heard him jiggle the telephone cradle for central. It was so still. There was no sound, within the room, or beyond. Suddenly Spring missed the rainy tattoo. Then there was a sharp exclamation outside in the hall.

Gil was in the doorway again. "Something's wrong. I can't raise central."

"The telephone has been tampered with!" Dirk exclaimed. "I don't know. It may be trouble in town, from the flood. We'll have to get over to Justen's, some way, and use his telephone."

"You know damn well you can't," Justen growled. "With seventeen bridges down in the county that little one over my way went down the first night!"

"How do you know?" Gil demanded.

"Because I tried it yesterday," Justen replied coolly. "Gil's face clouded. 'After you were told to stay in Candlewood!' he said brisily. 'The police may be interested in that.'"

TASTE IT! SEE FOR YOURSELF—
STOX SOUP MIX IS EXTRA-RICH!

PERHAPS you haven't been completely satisfied with regular dry soups. Too thin... you say. Then try Stox! It's got the hearty, satisfying flavor that only extra-richness can give. Why, Stox has such concentrated goodness you don't need to

add butter or extras... just water! Try chicken-type Stox or beef-type Stox today. Yet Stox costs only a dime... serves four to six (makes almost half again as many servings as the majority of canned soups). Get both varieties of Stox today... at your grocer's.

SMELL THAT SOUP!
HOW CAN THEY PUT SO MUCH GOODNESS IN A BOX! BUT THE SAME PEOPLE WHO MAKE CHASE & SANBORN COFFEE MAKE STOX—SO NO WONDER IT'S EXTRA-GOOD!

FARM ROUNDUP

Harrisburg, June 29.—(P)—The department of agriculture started a flank attack on the Japanese beetles this week with plans to halt their invasion and evidently drive them out of Pennsylvania under the direction of Dr. Thomas L. Guyton, of the Bureau of Plant Industry, traps were placed in the northwestern counties to test whether the insects have invaded the only section of the state still free of the pests.

The traps were baited with an aromatic oil that attracts but does not kill the beetles. Most of the traps were placed in yards and gardens of private residences with the permission of the owners.

To date the only quarantine-free area in Pennsylvania are parts of Erie, Crawford, and Mercer counties. The heavily infested areas continue to be in that section south and east of Harrisburg. Should the tests disclose that the beetles have remained out of the northwestern counties the department planned to concentrate all efforts on eradicating the pests from areas where quarantine regulations are now in effect.

Fresh "dated" eggs proved highly successful in their first test in this state and E. J. Lawless, Jr., head of the bureau of markets in the state agriculture de-

partment now plans similar service on sweet corn, dressed poultry and various fruits and vegetables during the summer months.

A chain store organization that initiated the idea of "dated" eggs reported that sales increased 65 per cent in the first six months of the experiment. Prior to using "dated" eggs the stores sold slightly more than 318,000 dozen eggs, but the demand for the new product sent sales up to 525,545 dozen.

The plan used by the stores to produce "dated" eggs started with the farmers taking the eggs to cooperatives at Doylestown, Coatsville, and other points in Montgomery county. They were all candled to see that each egg is absolutely fresh.

Then they are graded, packed in cartons, stamped with a date and shipped to the nearest city markets. The cartons are placed in self-service refrigerated display cases in the chain stores.

The Pennsylvania Dairymen's Association awarded a meritorious lifetime certificate to the Hershey Farms, founded by Milton S. Hershey, for the accomplishment of six Holstein cows, four of which produced over 4,000 pounds of butter fat in a lifetime, and the other two near the same poundage.

Two of the cows represented production for nine years, one eight years, and three over a seven year period.

Agents Will Check On Use Tax Violators

Better have a federal tax stamp on your automobile windshield next Saturday if you intend to do any driving. The following Associated Press dispatch was received by the Times-Mirror from Pittsburgh today:

Two hundred special internal revenue field deputies will roam the 24 counties of western Pennsylvania next week to check on violations of the regulation requiring \$5 federal tax stamps on automobile windshields, Internal Revenue Collector Stanley Granger announced.

The penalty for driving without the stamps on and after Saturday is a fine of not more than \$25 or 30 days in jail or both, Granger said. Deputies will be on duty on the Fourth of July, he warned.

North Warren Collection Plans Made

A general salvage pickup will be staged in the North Warren area tomorrow under the sponsorship of the North Warren Civic Club, with Chris Pepke as chairman.

The collection will cover all of North Warren and the Follette Run district as far as the Feltman farm, and will include rags, metal and glass.

All residents of the area are urged to have donations placed on the curb as early as possible in the morning.

DETAIL FOR TODAY
Sick Bay Sailor

A SICK BAY SAILOR is an individual who suddenly becomes sick at the very mention of hard work. He desires to evade toil, but at the same time wants it to look official. Hence he is happiest when his name is on the binocular list—a list of men who are slightly sick and have to perform only light duty. Different pharmacist's mates, however, have different conceptions of "slightly sick." In some cases you get light duty for a sore throat—in others, it takes a broken neck. Regardless of the qualifications, the SICK BAY SAILOR will do his utmost to live up to them in an effort to get out of doing some hard work.

The Civil Air Patrol League organized to promote both civil and military aviation, covered 25,000,000 miles in coastal patrol in 19 months.

State May Be Winner in Long Contest For Snuff Fortune

By SHIRLEY MAYER

Philadelphia, June 29.—(P)—Fifty years ago Walter Garrett, snuff millionaire son of a snuff king, wrote his wife concerning his fortune—"do not let the scalawags get any if you can help it. I trust you will oblige me by making a will at once. Do not put it off."

Today, because Mrs. Henrietta Schaefer Garrett did not follow her husband's advice, the claims of 26,000 "cousins" and would-be heirs still are being heard by a special master, although the commonwealth of Pennsylvania hopes to snuff out their snuff fortune dreams through escheat.

For 26 years after her husband's death Mrs. Garrett, childless, eccentric, clad always in black, lived obscurely in a house without electricity and with two servants. It is said she left her home only once in the 35 years preceding her death, and she made no will.

Finally she wrote a "request" to "dear Mr. Charles S. Starr," wealthy investment broker and one of the two executors of the estate in which she disposed of \$62,500 among 15 friends and relatives. She neglected to mention the remaining \$17,549,652.48.

When she died in 1930 there be-

gan one of the longest, most involved cases in American legal annals. From almost every state in the union and every country in the world, came claims of those who hoped for the Garrett pot of gold—the fortune amassed by Walter Garrett's father and pyramided by Walter's own fortune and his investments.

While they enter claims, trace family trees, present witnesses, the fortune continues to grow at the rate of about \$500,000 a year. It has reached approximately \$20,000,000 now, with \$9,500,000 invested in war savings bonds.

In Philadelphia orphans' court Special Master William J. Davidson, Jr., and Examiner Clinton A. Sowers have been hearing since May 18 the claims of more than 4,500 members of an association known as "The Sheffer Family"—Virginians who say they are "first cousins once removed on down," and claim one common ancestor, Jacob Shaver, who died in 1728.

Others who have thrown their names into the Garrett ring include Pennsylvanians who forged Bible and birth certificates in an effort to prove their relationship. Some of them went to jail. In Germany a man slew his uncle and aunt in a quarrel over the mirage of millions.

Hot Weather Never Feazed Eminent Banker and Farmer

Merle Jordan, U. S. Weather Observer yesterday took a look at Uncle Sam's Recording Thermometer and the sweat began to run down his chin, dribble over his vest and plump down on the good earth in great blobs. In fact he got so enervated with just one look at the 90 degree mark that when he started to walk he stayed in one place for half an hour. It was with an effort that he made his way to Bimber's newsery and phoned in his report to the Western Union. They do say that he took a lump of ice to work with him and sat on it all day.

It really was hot yesterday but in spite of the heat the Victory Gardeners were out in force. Eddie Branch, eminent banker-farmer, who has a plot down at Cully Hiltberg's hustled right down there as soon as the clock clanged the closing hour at the bank. "Why are you guys worrying so much about the weather?" quoth Eddie as he watched a couple of fellow born borer battlers toiled up under a tree. "Why back in the old days when I was young and in my prime I used to pitch 22 innings of baseball in one day and to with his hoe and had his corn hilled up in no time and then turned his attention to the cut worms and slaughtered a few million of 'em. Fairly glowing under the hot sun his tomatoes ripened with top speed and a couple of 'em began to blush right rosy."

"There is nothing like a little recreation in the garden, it's fun to watch things grow and every time I take a look at my carrots I get ruddy cheeks. Of course the sun may have something to do with it but carrots are really good for the complexion. Look at Lowery's garden there. It needs personal attention and he hiked off to a picnic this afternoon. Well he's gonna regret it next fall when canning time comes and he discovers the corn borers have operated during his absence."

And Eddie gave a few more vigorous whacks with his hoe. And all the time he worked Old

Sol glowered and turned on one and more heat doing his best to drive the gardener home. Finally the mercury got up to 92 out in the open and confidentially Hiltberg reports that Eddie was darned glad when the whistle blew and the dinner bell rang. And did he sleep even if the mercury didn't sink any lower than 65 the whole night through.

Local Writer Has Article On Therapy

Joseph Gardner, supervisor at Warren State Hospital had an article entitled "A New Horizon for Occupational Therapy" published in the current issue of the official journal of the American Occupational Therapy Association.

He directs attention to the importance of industrial therapy in treating mental patients who are now occupying 50% of all hospital beds, and whose numbers are increasing because of the war. Some interesting comparisons are made from his 24 years experience at the Warren State Hospital where 65% of the men and 54% of the women patients are now constructively occupied.

The work which the patients do is a valuable contribution to their mental and physical fitness as well as an aid to their maintenance. It has almost entirely eliminated serious acts of violence, destruction of clothing and furniture, and the state of bedlam which existed years ago in the institution.

Plastic board, half the weight of aluminum, developed for structural uses in warplanes, does not shatter when pierced by a bullet, and may be cut and bent into numerous shapes.

MADE A CAPTAIN

It is jumped today from Fort Bragg, N. C., that Howard DeWitt Smith, 15 Van Ettan avenue, Sheffield, has been promoted from first lieutenant to captain in his infantry division.

TEAHEALTH for the NATION
Depends First On
HEALTH for the FAMILY

No other food that you eat the year 'round abounds with as much food value as do dairy products! The discoveries of science... the wisdom of the medical profession... the knowledge of housewives and economists... all testify to the health-giving qualities of MILK and its kindred products.

Today as never before, the health of our national and our individual families is extremely vital! A nation is no stronger than the amount of dairy products its people consume. It means national and physical victory to fortify your body with minerals and health-giving qualities found in dairy products.

SOCIETY NEWS

Dance Recital Proved To Be Event Of Real Pleasure To Large Crowd

Despite temperatures that caused the capacity crowd at the Williams School of Dancing recital last evening to swelter the affair proved one of the most successful affairs of the kind ever held in the city. Every seat in the auditorium was filled when the program opened and round after round of applause greeted the young artists as they presented the various features of the program.

The program was divided into three parts and each proved a delight to the many present. "Love's Dream After the Ball" the opening feature of the program brought Mrs. Williams and her pupils before the large crowd and it proved a most beautiful ballet with many of the younger pupils introduced. The second portion of the program "The Stork Club" was

lighter in conception and the performers drew rounds of applause for their clever work. The third feature of the evening was "The Wedding of the Winds" an original Indian tale conceived by Mrs. Williams proved most pleasing and the finale with the use of black light was beautiful. The colorings of the costumes and the dancing were all that had been expected and sent the final curtain down amidst heavy applause.

During the evening prizes were awarded many of the students and the presentation was made by W. E. Yeager, president of the Chamber of Commerce, who took occasion to congratulate Warren on having among its Civic affairs such an institution as the Williams School of Dancing.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging headache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Josephine Benson Presents Pupils

A large group of relatives and friends gathered in Bethany Lutheran church in Sheffield to enjoy the musical program given by some of the pupils of Josephine E. Benson.

In addition to the regular piano selections, a vocal solo by little Doris Johnson and a duet by Betty and Patricia Gallagher added variety to the program, which was most pleasing to the audience and held its interest throughout the evening. Playing of the young people reflected careful training and preparation for the occasion on the part of both instructor and performers.

Heard in piano selections were Doris Johnson, Gary Swanson, Billy Johnson, Kay Daniels, Sandra Silvis, Mary Ann Fuhring, Patricia Gallagher, David Gustafson, Richard Swanson, Carmen Cummings, Helen Marie Schmidlen, Susan Anderson, Beverly Strandberg, Paul Gustafson, Jeanne Williams, Madeline Slater, Jean Saxton, Gerald Newberg, Betty Gallagher, Joan McAvoy, Kathryn Swanson, Mary Ann Connelly, Jimmy Connelly, Carol Ann Henry, Ardit Hilyer, Ann Marie Johnson, Bernice Cummings, Rosemary Papaver, Virgil Nelson, Shirley Swanson, Nancy Miller, Allene Johnson, Gloria Whitton, Margaret Swanson, Paul Swanson and Betty Gustafson.

HOME ECONOMICS EXTENSION NEWS
Thelma Prendergast

Arrange Schedule to Meet Household Needs

How can a homemaker arrange for a busy 1944 and still keep the family living up to a high standard?

First of all, take time now to think over the work that will have to be done during the year, suggests Mrs. Prendergast, home economics extension representative, Warren county. There will be the usual housework, most likely more gardening and canning, and more community work, as well as the extra care and repair of household furnishings, equipment, and clothing to make them last longer.

The homemaker needs to make a mental schedule of the year's work and decide when some of it must or can best be done. As she makes this outline she will find that the first of the year is the best time in which to repair the furniture, make slip covers, and clean up and oil equipment. The gardening and canning must be done during the growing season and the housework every day.

Another suggestion is to have the family decide on each member's share of the housework for 1944. Each one should accept without question the responsibility of putting away his own clothes, books, toys, and tools.

Besides every member of the family can try to cause less work for the homemaker. If each will eat the same kinds of foods, there will be fewer dishes to prepare. Also if dirt is well washed from soiled hands instead of wiped on towels, the laundry problem is lessened. Each person can be on the alert to do chores that are not asked of him, such as bringing an armful of wood when he passes the woodpile with empty hands.

The homemaker also needs to check her ways of doing household tasks to see if she is doing them the best way and with the least amount of energy and time. For example, putting another pan under the dishpan to raise it to the proper height will take the ache out of tired shoulders and back. A better plan is to raise the sink or put blocks under the table legs to bring the working surface permanently to the proper height.

Woman Urged To Plan Time To Save Confusion

There is a challenge for every individual on the home front to make every minute of his time count. To come out anywhere even at the end of the day or the week takes organizing and planning of one's work, and recreation.

The nation's traffic death toll to the first four months of 1944 was 7650—15 per cent higher than to the same 1943 period.

Weeds Cause Complaints on Vacant Plots

Complaints are coming into the city building by the score regarding vacant lots about the city that are overgrown with weeds and are not only unsightly but are aggravating to those who suffer from hay fever. Lots in every part of the city are overgrown and many of them are filled with rag weed which should be cut before it can become baneful to the health of the residents of the city.

Owners of the lots are being notified relative to the cutting of the weeds by the police and if the weeds are not leveled during a certain period city employees are sent onto the lots and the weeds cut and bills presented. The city is able to collect on the bills due to the fact that they can be made liens on the property. So if your lot is overgrown with weeds it would be a fine idea to get out your grandpa's scythe and get the weeds down or the city will do it for so much an hour and 10% added for bookkeeping, etc.

Boys Hike To Lake To Spend Vacation Days

War-time restrictions on supplies of automobiles, tires and gasoline aren't going to keep some Warrenites home when they have a day off and want to enjoy a little vacation trek.

Bill Erickson, 8 Dahl street, and Lee Ellis, 7 Elm street, started off early yesterday morning, 8:30 in fact, on the first lap of a trip around Chautauqua Lake. Parents were informed later in the day that the boys had reached Midway at three o'clock and would make that their headquarters. They have set up their tent and will foray from that point in covering

Highlights of Acceptance Speech of G. O. P. Nominee

Chicago, June 29—(AP)—Highlights of the acceptance speech by Republican Presidential Nominee Thomas E. Dewey:

I come to this task a free man. I have made no pledges, promises or commitments, expressed or implied, to any man or woman.

This election will bring an end to one-man government in America.

The military conduct of this war is outside this campaign. It is and must remain completely out of politics. . . . If there is civilian interference (with the military), the new administration will put a stop to it forthwith.

The present national administration, in its young days, did some good things. But now it has grown old in office. It has become tired and quarrelsome.

We have had men in Washington who were notoriously weak in certain branches of arithmetic, but who specialized in division.

We shall have to work and pray and be patient and make sacrifices to achieve a really lasting peace. . . . It is no task to be entrusted to stubborn men, grown old and tired and quarrelsome in office. We learned that in 1919.

It is the new deal which tells us that America has lost its capacity to grow. We shall never build a better world by listening to those counsels of defeat.

I have not sought this responsibility. . . . With the help of God, I shall try to be worthy of the trust.

other lake spots over the Fourth.

A quartet of Bell Telephone Company employees, Arlene Peterson, Martha Wilkins, Coletta Harman and Helen Amacher, proved the ladies can take it and there isn't a "cream puff" in the lot when they reported at work bright and early this morning after a bicycle trip to Lakewood, N. Y., on Wednesday.

Dance Recital Proved To Be Event of Real Pleasure

(From Page Seven)

Much credit for the splendid way in which the stage was handled goes to George Cunningham, of the Players Club who has had much experience in this work. Lester Muthert directed the lighting effects and his work also added much to the pleasure of the evening.

Lieut. Betts Is Prisoner Of Nazi Troops

Lt. Kenneth H. Betts, son of Mr. and Mrs. George H. Betts, 114 Fourth avenue, reported missing since March 6, is a prisoner of war of the German government according to a telegram received yesterday from the office of the adjutant general.

A letter received June 24 from air force headquarters gave a list of those who were in the plane and stated: "Further information has been received indicating that Lt. Betts was a crew member of a B-17 (Flying Fortress) which departed from England on a bombardment

Expert Trapper Coming Here To Instruct Men In Field

Through the efforts of the Field and Stream Club Art Logue, of Coudersport will spend Friday in Warren county. He is an expert on trapping and the sportsmen of this county who have carried on an extensive war on predatory vermin will be glad to avail themselves of his services. He will travel through the county and with Game Protector George Norris will visit Spring Creek, Sugar Grove, Clarendon and Russell. At all of these places he will meet with trappers and take them into

the woods and give practical demonstrations of the best sites for traps, etc.

Sportsmen are asked to meet Logue at Don Finley's Sporting Goods store tomorrow morning at 10 o'clock. He will talk to the group there and the start on the tour of the county will be made from there.

Game Protector Norris will accompany Mr. Logue over the county and he will endeavor to get the men who have written in asking for the help to be present at the various demonstrations.

BRIDGE CLUB

Mr. and Mrs. Howard Perry entertained their bridge club Friday evening and prizes were won by Mrs. C. R. McNeal and Joseph Curtain.

PERSONALS

Allen Swanson, Merchant Marine, is home on a two week's leave, son of Mr. and Mrs. Carl Swanson.

LUDLOW

Ludlow, June 26—The Lutheran Circle was entertained at the home of Mrs. Emil Nelson on Wednesday evening, June 21, with Mrs. Nelson and Mrs. Walter Cox as hostesses. The meeting was opened by the president, Mrs. Carl L. Swanson, who led in Scripture reading and prayer. During the business meeting, plans were made for a family picnic. There was a good attendance with two guests present, Miss Helen Swanson of Ludlow and Mrs. Wm. Gunderson of New York. Lunch was served at the close of the evening.

A Mid-Summer Festival was held at the Lutheran church on Friday evening under the auspices of the Luther League which proved to be successful and a genuine enjoyment to people who love the Northland. The program was conducted by the president, Miss Rose Anderson, and opened with a number of the Ludlow High Orchestra

under the direction of Miss Mary Catherine Maxwell of Renovo. The second number was given by six young girls in Swedish costume who sang "Little Flowers of Light and Gay" in English and "Fadersland" in Swedish. The

were Susan Anderson, Mary Ann Connelly, Marybelle Carr, Delore Johnson, Vivian Nelson and Kathleen Swanson. This was followed by two piano solos of Swedish interest given by Mrs. Enoch Nelson. Miss Evelyn Norlin, soprano of Sheffield, sang "Fagelen's Visa" which always delights a Scandinavian audience. The Reverend Herbert Liden of Ridgway was the main speaker of the evening who used as his topic, "The Two Meanings of Mid-Summer", which was enjoyed by everyone. Mr. Liden is well-known in this area for his humor which he often applies seriously. The church choir sang a Swedish song of summer after the talk which was followed by a vocal solo by David Anderson, ten years old, of Sheffield. His high soprano voice was beautifully used and he was accompanied by his teacher, Miss Norlin, of Sheffield. The choir sang "Song of Peace" which is set to the tune of Finlandia as a concluding number under the direction of Mrs. Emil Nelson and accompanied by Mrs. Mollie Mattison. The benediction was pronounced by the Reverend Carl W. Nelson of Wilcox. A social hour was enjoyed afterward with a buffet lunch served in the church parlors with some of the committee dressed in costume. During the lunch hour, Mrs. Ed Wenstran played Swedish accordion music.

Victory National In Thrilling Start

BY CHARLES CHAMBERLAIN

Chicago, June 29—(P)—Golf's blue plate special—a team affair with more combinations than a slot machine—continued today at the old Edgewater playground, where club members still were agog over the 29 Jug McSpaden carved from the first nine.

A carnival atmosphere prevailed—even to the extent of using handy-talkies to broadcast scores back to the club house from out on the course—as mixed foursomes of pros, amateurs, women and seniors teed off on the final lap of their team tournament. The meet will become less involved tomorrow when a hand picked field begins a 72-hole grind for the Chicago victory national championship.

Meanwhile, there are pro-amateur, pro-woman and pro-senior titles to be awarded.

McSpaden, who leads the money circuit with purses of \$15,100 after dominating the winter tour, traveled around the compact Edgewater layout in 29-35-64 yesterday, equaling the course record. Par is 35-36-71, and 18 pros and two amateurs matched or bettered those figures in the limbering up exercises for the main tournament.

No one could remember—including Ed Dudley, president of the PGA—any other player's shooting as low as a 29 for nine holes in major competition.

PONY LEAGUE

Buffalo, N. Y., June 29—(P)—The Wellsville Yankees, nearly blowing a five run lead in the eighth frame, just lasted to take a 5-4 decision from Hornell in a Pony League game last night.

The Pirates pounced on Lefty Bob Pirrelli, Wellsville hurler, for two singles and a double and took advantage of two errors to score four unearned runs in the almost disastrous eighth.

Lockport pushed two runs across in the tenth to defeat Batavia 8-6. The victory placed the Cubs on top of the Pony League heap. Both clubs used three hurlers in an effort to squelch sluggers who piled up a total of 27 hits.

In a twin bill, Bradford was squashed deeper into the cellar as Olean squeezed into sixth place with the 3-1, 7-6 victories. The nightcap went ten innings.

Jamestown scored an 8-2 win to sink the Erie Sailors into second place in the standings.

Today's games: Wellsville at Hornell, Olean at Bradford (2), Erie at Jamestown, and Batavia at Lockport.

SPORT SHORTS

Stockholm, June 29—(P)—Arne Andersson, who smashed a lot of Gunder Haegg's world records while Haegg was in America last summer, now can boast his first victory over his famous countryman. They met for the first time in two years yesterday and Andersson won a 1500 meter duel in 3:48.8, nearly four seconds slower than his own world mark. Haegg's time was 3:50.2. Andersson indicated that muggy weather had prevented breaking his record of 3:45.

Rye, N. Y., June 29—(P)—Ellis Knowles, who is likely to become the first three-time winner of the United States senior golf championship, contends that he is a better golfer now than he was intercollegiate champion and quarter-finalist in the national amateur tourney in 1907. The 57-year-old Knowles shot 71-74-145 to lead the first division of seniors, over the Apawamis course. He pointed out that in 1906, a 77 was a good enough score to win the intercollegiate qualifying medal. The second division of seniors will play today and tomorrow but none is expected to threaten Knowles' lead.

Waste Paper is a vital weapon of war. Save it and save some boy's life!

SAVE A BUNDLE A WEEK
SAVE SOME BOYS' LIVES

INDEPENDENCE DAY

1944

Here, in the Immortal Words of our Fighting Forefathers, is

WHAT WE ARE FIGHTING FOR TODAY!

NO FINER STATEMENTS OF THE PRINCIPLES OF HUMAN FREEDOM EXIST, THAN THOSE WHICH FOLLOW. AS AN AMERICAN, READ THEM.

From the Declaration of Independence, adopted by the Continental Congress, in Philadelphia, on July 4, 1776.

WE HOLD these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles

and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness . . .

And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor."

From the Constitution of the United States, adopted by a convention of States' delegates, in Philadelphia, on Sept. 17, 1787. These are the words of its Preamble:

"We, the people of the United States, in order to form a more perfect Union, establish justice, insure domestic tranquillity, provide for the common defence, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America."

From Lincoln's Gettysburg Address, delivered Nov. 19, 1863 on the field where the climactic battle of the Civil War had been fought on July 1-3 of that year.

"Fourscore and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal . . .

It is for us the living . . . to be dedicated . . . to the unfinished work which they who fought . . . have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom—that government of the people, by the people, for the people shall not perish from the earth."

FARM NEWS

Save Farm Containers.—The growing shortage of containers, both new and used, prompts agricultural economists at the Pennsylvania State College to urge all farmers to save, salvage and repair every box, crate, lug, or other type of container. They warn that the shortage of containers for shipping and marketing is growing worse, due to heavy inroads made by war conditions.

Need Bees For Clover Seed.—Bees are needed to pollinate clover being raised as a seed crop, apiarists find at the Pennsylvania State College. Unless honeybees are placed close to clover fields to pollinate the blossoms, the seed crop will not be nearly so great as it should be to meet growing shortages in seeds.

Cull Poultry Flocks Now.—Lack of adequate protein feeds, shortages of labor, and existing market conditions should prompt a thorough culling of all poultry flocks now, say extension poultry specialists at the Pennsylvania State College. Cull out all non-layers to save feed for the hen that produces. Systematic culling reduces costs, also.

Hogs Require Shade in Summer.—Hogs cannot stand exposure to heat of the sun in summer months without serious trouble, point out swine specialists at the Pennsylvania State College. If no natural shade is available, simple hogshades should be built. Hogs also require ample supplies of water to digest food properly and make proper gains.

Smut on Barley.—Plant disease specialists at the Pennsylvania State College report serious infestations of both loose smut and covered smut in barley fields this year. Farmers are urged to watch barley stands to plan proper precautions for next season's seeds in order to control the smut.

Recorded aircraft movements along the 35,000 miles of federal highways jumped from 300,000 in 1938 to more than 16,000,000 in 1943, and is expected to reach 60,000,000 in 1950.

"...OUR TROOPS ARE ADVANCING..."

SAVE WASTE PAPER!

Our fighting men depend on paper every step of the way to Berlin and Tokyo. For paper goes into 700,000 battle items—shell and cartridge containers, bomb bands, helmet linings.

But waste paper supplies are critically short—our reserves are dangerously low. That's why you are asked to save waste paper. *Never burn it.* Collect all kinds of waste paper—corrugated, brown, wrappings, newspapers and magazines, and get your children and friends to do the same. Bundle it up—turn it in—to shorten the war and save precious lives!

BRITISH CLOSING PINNERS AROUND CAEN

MONTGOMERY FORCES SMASH NINE COUNTER ATTACKS TO WIDEN BREACH IN NAZI LINE

Field Dispatches Say German Command Has Sent Virtually Entire Strength of Two Armies In Fierce Tank Battle

LITTLE CHANGE OCCURS IN FRONT POSITIONS

BULLETIN
Supreme Headquarters Allied Expeditionary Force, June 29.—(P)—The supreme Allied command announced today that 292 German tanks have been disabled or destroyed in Normandy since D-Day. Incomplete reports showed at least 44 German aircraft shot down today over France and Germany. The air forces announced that since D-Day "enemy fighter bases supporting the battle area have been driven back 100 miles by Allied air attacks."

By WES GALLAGHER
Supreme Headquarters Allied Expeditionary Force, June 29.—(P)—The Germans were reported today to have thrown the bulk of their 15th and 17th armies into the defense of Caen in an attempt to halt the British flanking thrust south of the inland port.

But Gen. Sir Bernard L. Montgomery's men smashed nine counter-attacks in 24 hours and widened a breach in the enemy lines.

Supreme headquarters announced British infantry and armor were streaming across the Odon river southwest of Caen in an ever-widening bridgehead.

FIFTH DRIVES TOWARD PORT BELOW PISA

American Troops Punch Forward Five Miles Along Italy's West Coast and Take Castagneto

RESISTANCE STUBBORN

By NOLAN NORGARD
Rome, June 29.—(P)—Along a highway littered with enemy dead and abandoned equipment, American troops of the Fifth Army punched forward another five miles along Italy's west coast yesterday and captured the town of Castagneto, only 25 miles from Livorno, while a second American column farther inland pierced through German lines to within a dozen miles of Siena. Allied headquarters said today.

Livorno is an important port 11 miles below Pisa, while Siena is a key rail and communications center 3 miles south of Florence.

Capture of Castagneto gave the Allies control of an important lateral road which formerly linked the enemy's coastal defenders with the Nazis' central sector.

The enemy intensified by every conceivable means the retarding of the Fifth Army's advance, felling trees across roads, then booby-trapping them, destroying all bridges and laying minefields. The tactics failed to prevent a close pursuit, and an enemy infantry company which attempted to break the advance by infiltration back into the captured village of Sassetta was wiped out.

An American armored force driving from the southwest captured the road junction town of Monticiano on Highway 73, and leading elements thrust beyond to within 12 miles of Siena. The village of Monticiano also was taken.

The French, on the right wing of the Fifth Army, reported substantial gains, capturing the towns of Monticchiello, Pienza and Montalbano, all southeast of Siena.

It was announced that the Fifth Army alone has taken over 25,000 prisoners since the offensive began seven weeks ago today, bringing to more than 32,000 the total 38,000 prisoners for the offensive.

The Eighth Army reported limited gains in heavy fighting in the areas of Lake Trasimeno and north of Perugia.

West of Lake Trasimeno the villages of Pratavecchia and Lafore were occupied.

Ration Books Again Needed For Lamb and Soft Cheeses

Washington, June 29.—(P)—Housewives will have to take their ration books to market again in buying choice lamb cuts and soft cheeses, and the butcher will take one to two more points a pound for beef steaks and roasts.

The Office of Price Administration, announcing point values for the period from next Sunday through July 29, said today it was necessary to put choice lamb cuts—chops, steaks and roasts—back under rationing because national distribution has not been equitable. Values assigned ranged from three points a pound for some chuck roasts to 10 points for loin chops.

The supply of beef steaks and roasts will be smaller by 12 percent in July, OPA explained in hiking the point values to a record high, a porterhouse steak, for example, will cost 14 points a pound, up two, while a seven inch cut standing rib roast goes from eight to 10 points a pound.

Because return of popular lamb cuts to the chart is counterbalanced by a smaller supply of beef, housewives will continue to get only 30 points a month for buying meats and fats. The allotment was 60 points a month before all meat except choice beef was made ration free early in May.

All pork, veal and the cheaper cuts of beef and lamb remain point free, and butter and margarine continue at 12 and two points a pound, respectively.

Gen. Eisenhower Has Visit With His Son

Supreme Headquarters Allied Expeditionary Force, June 29.—(P)—Gen. Dwight D. Eisenhower and his son, Second Lt. John Eisenhower, had their first reunion since before the invasion of North Africa when the youth visited here shortly after his graduation from West Point earlier this month, it was disclosed today.

Gen. Eisenhower is understood to have returned to an infantry training school in the United States after spending his leave with his father.

Plane Centers And Refineries Raid Targets

London, June 29.—(P)—Upwards of 1,000 Fortresses and Liberators attacked Germany today, hitting four aircraft producing centers, a synthetic oil refinery and a number of other military and industrial targets in the center of the Reich.

Escorted by an equal number of fighters, the heavies attacked aircraft plants at Leipzig, Oschersleben, Aschersleben and Ballenstedt, and a refinery and Ballenstedt, capping a 12-hour Allied air offensive which saw more than 3,000 warplanes scouring important Nazi installations across the face of northwestern Europe.

Railroad centers haltingly feeding reinforcements to the Germans' taxed battlelines were other targets in the big assault.

In darkness before the American heavies swept out, some 500 RAF Halifaxes carried the campaign against Nazi supply lines to the German border, bombing railroad yards in the region of Metz, near the world war battlefield of Verdun.

Simultaneously, night raiding Mosquitos hit Saarbrücken, a railroad center attacked by the American heavies yesterday, and an oil plant near Essen in the Ruhr.

The Mosquitos made their attack without loss, while the British heavy-bomber assault on Metz cost 20 planes.

Mediterranean Allied air force bombers attacked objectives at the Romanian Danube river port of Giurgiu last night after some 500 heavy bombers plus fighter escorts for that theater yesterday smashed two oil refineries at Bucharest and a German air-drome at Karlovo, Bulgaria.

Area Bond Sales Show Good Gain

Pittsburgh, June 29.—(P)—Fifth War Loan Bond sales in the 19-county Ft. Pitt area showed a decided gain today, the war finance committee reported. Total sales of all bonds have reached 49 percent of the quota. Allegheny county purchasing \$109,962,390 in bonds and the other 18 counties \$54,318,300 for a total of \$164,280,690.

Individual bond sales now total \$43,069,900 for the area or 31 percent of the quota. Allegheny county is credited with \$18,786,400. Thirty per cent of the "E" bond quota has been reached, with total sales of \$23,480,500, of which \$12,776,100 was in Allegheny county and \$10,704,400 in the other 18 counties.

U. S. S. Wisconsin Breaks A Record

Philadelphia, June 29.—(P)—The Philadelphia navy yard disclosed today that it commissioned the super-battleship Wisconsin only 18 weeks after she was launched—breaking its own record and probably the world record.

Making an exception to its rule against revealing commissioning dates, the yard through the Fourth Naval District announced that the Wisconsin, christened last Dec. 7, was commissioned here on April 16 by Rear Admiral M. F. Draper, commander.

The Navy's Board of Inspection and Survey examined the ship shortly before the commissioning and reported that it was "the most complete of any vessel, regardless of size, inspected by this board during the present war."

DELEGATES ARRIVING FOR VFW CONVENTION

Wilkes-Barre, June 29.—(P)—More than 800 veterans of this war—many still wearing the uniforms in which they served from Sicily to Guadalcanal—were among the delegates arriving today for opening sessions of the 25th encampment, department of Pennsylvania Veterans of Foreign Wars of the United States.

RED OFFENSIVE ROLLING INTO WHITE RUSSIA

Soviet Armies Converging on Minsk Within 37 Miles of Important Capital City

MOGILEV IS CAPTURED

By EDDY GILMORE
Moscow, June 29.—(P)—Soviet armies converging on Minsk drove within 37 miles of the White Russian capital today, pushing the Germans swiftly back over the same road to Warsaw and Berlin which Napoleon followed in his disastrous retreat from Moscow.

Like a huge grasping hand, the Red army reached for Minsk while artillery and bombers blasted a way for the ground forces.

The hand-like Soviet offensive was formed by units fanning out to the northeast of Minsk like fingers, while strong groups southeast of the city formed the thumb.

With the freezing of Mogilev, the Russians for the first time in nearly three years have a direct rail route between Leningrad and Odessa.

A Russian military commentator, Col. Nikolai Akimov, said the reopening of this rail route "is a factor which should not be underestimated, for the advantage it affords in transferring forces parallel to the line of the front is one of the major conditions for achieving supremacy in any direction chosen for new blows."

The Russians have had four-fifths of the railway in working order since the winter, but have been unable to use the section passing through Vitebsk, Orsha, Mogilev and Zhlobin.

Field dispatches said the Germans had retreated from this area so quickly they had had little time to damage the rail line.

The three main thrusts at Minsk were: Down the old Smolensk-Warsaw road; over the Bykhov-Minsk highway across the middle of the Berezina river; up through the valley of the Pitych river over the Gomel-Minsk railway and highway.

Red army troops on the Smolensk road reached the upper Berezina north of Borisov, near the actual place where Napoleon, with his staggering remnants, made a crossing at the village of Studenki.

Here advance units were 37 miles northeast of Minsk and Borisov appeared to good as gone.

On the Bykhov-Minsk highway Red army units approached the middle Berezina area northwest of Osipovichi were 55 miles from Minsk.

Two large scale outflanking movements were part of the Soviet grand strategy aimed at the fall of Minsk.

Couple Held For Jewel Robberies

Philadelphia, June 29.—(P)—A dapper, dark-haired man and his attractive blonde wife were held today, FBI Agent John F. Sears said, in connection with jewel thefts from wealthy society figures from coast to coast.

A raid on the couple's apartment yesterday, Sears said, produced two revolvers, a blackjack, a can of ether, three bottles of chloroform, eight bottles of "knockout drops" and a notebook with names and addresses of wealthy women in all parts of the country, with descriptions of their jewelry.

Sears said they were wanted on jewel robbery charges in Los Angeles, Kansas City and Brooklyn, Mass., and for thefts of cash from Boston department stores.

Board Announces Liquor Allotment

Harrisburg, June 29.—(P)—Pennsylvanians will continue to get one fifth gallon of whiskey at state stores during the next rationing period extending from July 10 through Aug. 19, the Liquor Control Board announced today.

The rationing period is being reduced from seven to six weeks, however, due to a seasonal decline in purchases during the summer months.

Licenses will continue to receive 60 per cent of their former normal purchases and the board said there is no immediate prospect that this percentage will be increased.

YOUNG G. O. P. TO MEET

Chicago, June 29.—(P)—Members of the National Young Republicans Federation, urged by Senator Joseph Ball of Minnesota to keep their organization alive, voted last night to hold a national convention in Springfield, Ill., during the first week in September.

Free Civilians Hold Meeting In Cherbourg

By LARRY LESUEUR
CBS Correspondent
Distributed by The Associated Press

Cherbourg, June 29.—Leaders of the French resistance movement held a meeting of Cherbourg civilians today while the sound of guns still crashed through the city.

It was a historic occasion, the first public meeting of the liberated people of Cherbourg. Dressed in their patched blue and black clothes, worn out in four years of German occupation, they listened attentively to the voice of the chief of the Cherbourg resistance movement. And then, amidst (Turn to Page Eleven)

Division Leaders In France Lauded

Washington, June 29.—(P)—Secretary of War Stimson said today the fall of Cherbourg came with "commendable speed" despite the obstinate resistance and house-to-house fighting put up by the German defenders.

"Three American divisions took part in the final defeat of the Nazi in this area," the secretary said in his weekly news conference review of the war. "They were the 79th division, many of whose men came from Pennsylvania under Maj. Gen. Ira Wycoff; the 4th division under Maj. Gen. Raymond O. Barton and the 9th division under Maj. Gen. Manton S. Eddy. The 7th Corps, embracing these divisions, was commanded by Maj. Gen. J. Laughton Collins, who previously distinguished himself in the campaign which completed the elimination of the Japanese on Guadalcanal."

Commenting again that the Germans in Cherbourg "did fight vigorously and persistently," Stimson asserted that this was enough for us to know that the battles ahead will be stern and that this is no time for over-confidence or for a let-down in our effort.

Company 'I' Leaves Friday For Encampment Maneuvers

Arrangements are being completed for Co. I, 16th Infantry, Pennsylvania State Guard, to leave tomorrow evening for the annual maneuvers at Indiantown Gap which will open Saturday and conclude July 8th.

According to Capt. James V. Scallie the unit will be composed of sixty men and two officers plus the Battalion headquarters with three officers including Major Arthur Dickinson, Lieutenants John Hedman and John Stewart.

The local unit will make the trip on a special train to be made up at Erie with units from Oil City, Franklin, Corry, Erie, Kane and Bradford. The special is scheduled to arrive in Warren at 8:45 o'clock and it is expected that it will pull out fifteen minutes later.

Preliminary arrangements for the encampment will be completed this evening when Dr. Paul G. Fago, Youngsville, will finish incu-

REPUBLICAN NOMINEE SPENDS BUSY DAY CONFERRING WITH PARTY LEADERS IN CHICAGO

Lawrence "Delighted" With Ticket Chosen

Harrisburg, June 29.—(P)—A prediction President Roosevelt will receive a larger majority this year than he did in 1940 was made by Democratic State Chairman David L. Lawrence following nomination by the Republican convention of governors Thomas E. Dewey and John W. Bricker for president and vice president. Lawrence said he was "delighted" with the nominations.

Gov. Dewey and Party Expected to Leave for Albany Some Time Saturday

TO MEET WITH PRESS

BULLETIN

Chicago, June 29.—(P)—Gov. Thomas E. Dewey told what he called the "world's biggest press conference" today that he hopes to confer with all of the nation's Republican leaders, including Wendell L. Willkie, on presidential campaign plans. Wearing a light grey suit, Dewey appeared fresh and rested at his press conference, despite the physical strain of shaking hands of thousands at a public reception lasting past midnight last night.

By the Associated Press

Chicago, June 29.—(AP)—Gov. Thomas E. Dewey, losing no time in opening his drive for the presidency, jumped at once today into the work of fitting together the organization for a party-backed campaign.

Up early after a reception in which he, Mrs. Dewey and Gov. and Mrs. John W. Bricker of Ohio shook hands with thousands of persons, the Republican ticket leader breakfasted in his suite with his running mate.

From there he arranged to make a short appearance before members of the Republican national committee, meeting in the hotel across the street from his quarters in the Stevens. He scheduled his first news conference since his nomination a short while later.

The Dewey agenda also included a conference with former President Herbert Hoover and other party leaders during the day. He will remain in Chicago tomorrow, probably leaving for Albany sometime Saturday.

As the footway convention crowds headed homeward, all signs pointed toward evolution of a highly organized and unified drive between now and November.

What dissension there was appeared to melt away like a snowball under the hot Chicago sun when Gov. John E. Bricker of Ohio agreed to become Dewey's running mate, instead of his chief contender for top honors, and accepted the vice presidential nomination.

The two clasped hands on the convention stadium platform and exchanged remarks of mutual admiration and confidence in victory.

Youth against age was the predominant theme of Dewey's acceptance speech as he set out to follow Franklin D. Roosevelt's trail from the executive mansion in Albany to the White House via the Chicago nominating conventions. Mr. Roosevelt, too, flew to this city to accept the high honor in 1932.

The 42-year-old former racket-buster, in his opening statement to the American electoral jury last night, promised "next year our government will again have a cabinet of the ablest men and women to be found in America."

"It's members," he declared, "will expect and will receive full delegation of the powers of their office. They will be capable of administering those powers. They will each be experienced in the task to be done and young enough to do it."

The task of achieving a lasting peace, he declared, "is no task to be entrusted to stubborn men, grown old and tired and quarrelsome in office."

(Turn to Page Two)

Casualties List Over 55,200 Dead

Washington, June 29.—(P)—American casualties in the war, including the first two weeks of battle in Normandy, total 244,158, of these, 55,206 are dead—55,104 soldiers and 20,102 navy, Marines and Coast Guard personnel.

Secretary of War Stimson reported today that through June 13 American army casualties were 179,928, of which 32,022 were killed, 73,665 wounded, 37,766 missing and 26,467 prisoners.

To be added to them, however, was the report of supreme Allied American casualties totalled 24,162 two weeks of fighting in France headquarters that during the first with 3,082 killed, 13,121 wounded and 7,959 missing.

The latest navy casualty list totals 47,073, including 20,102 dead, 13,303 wounded, 9,308 missing and 4,461 prisoners.

AERIAL BASE AT HENGYANG IS ABANDONED

Report States That Vital Chinese City Is In Flames After Terrible Assault

LOSS IS SEVERE BLOW

By J. B. KRUEGER

Associated Press War Editor
Japanese troops hammering at Hengyang have captured the U. S. airforce base there, thus reaping one of the first major fruits of their drive to slice China in two. It was partial recompense for the progressing American conquest of Saipan in the Pacific.

Chungking, conceding abandonment of the advance field, reported the vital Chinese city had burst into flames under the pressure of the greatest Japanese China offensive since 1938.

Loss of the base was a hard blow to the Allies, and Maj. Gen. Claire Chennault's quickly retaliated, dropping 1,000-pound bombs from their P-51s and knocking out one runway.

Twenty thousand Japanese battled with fury to stem American forces slowly wedging them into the northern neck of Saipan island.

The foot soldiers inched into Garapan, Saipan's capital, blasting the defenders street by street. They moved two miles up the east coast through two villages. Japanese trying to break out of Nafutan peninsula trap were moved down, 200 dying in the vain effort.

Admittedly the Saipan fighting was as rough as anything yet encountered in the Pacific.

A second trap was closing on thousands of Nip troops falling back on Wewak, New Guinea coastal base.

Gen. MacArthur's airmen bombed (Turn to Page Eleven)

Five Drown Playing In The Susquehanna

Wilkes-Barre, June 29.—(P)—"Mother told me," 12-year-old Bernadine Adziorco sobbed today, "not to play in the water."

Bernadine obeyed, and lived. But it fell to her to break the news that five girl playmates, whose mothers also had warned them against the Susquehanna's swift current, had drowned in 10 feet of water.

They were riding on a log near the river's west bank at Exter, five miles north of here, late yesterday when two of them fell off. Then the log upset, throwing the others into the water.

Before she ran for help Bernadine saw one of the girls, Dolores Gadello, 15, only one who could swim, try to save the others, but Dolores too sank beneath the choppy surface.

Neighbors wouldn't believe, at first, Bernadine's excited story. But Paul Ripple, an expert swimmer, and two companions dove and found the bodies in a hole in the river bed.

Besides Dolores the victims were Verna Galli, eight; Geraldine Smith, ten; Theresa Modleski, 13; and Takla Janiszski, ten.

A few hours later Andrew Paoovsky, 15, of Edwardsville dived into a pond near the Luzerne anthracite colliery breaker and never came up. A search for the body continued early today.

The boy's death brought the Wyoming valley drowning toll to 10 in a week.

Kiwanians Enjoyed Jolly Picnic Outing

About 35 members of the Kiwanis Club and guests enjoyed a most happy picnic outing last evening at Blomquist's Island, North Warren. The spot is an ideal one for such an event and the men present report a delightful time. A chicken dinner with biscuits and trimmings was discussed with gusto and good appetites and it was all that the palate could desire.

Following the dinner various sports enlivened the evening as horse shoes, hand ball and other events helped pass the time. About 2000 copies of the "Home Front News" were placed in envelopes and forwarded today to the men in the service from this county.

Dick Ross and "Cesce" Winans proved adept at barnyard golf and the way those two fellows threw "rings" and "hubbers" held the spectators spellbound. Their early training down on the farm was evidenced by their skill. Arnold Whren, Robt. Alexander, Karl Peterson and Ed Bimber lost a few pounds at hand ball and their agility excited much envy from some of the boys with bay windows. A round table discussion was also enjoyed.

Several guests were present among them G. A. Blomquist, of North Warren; R. F. McCormick, of Pittsburgh; T. O. Erickson, of Washington, D. C.; Edward Sager Lowrey; Charles Burnett, Jr., and Roger Burnett, of Warren.

The committee in charge was given a vote of thanks for the fine evening and all were warmly congratulated by the men.

Obituary

Unless otherwise stated, visiting hours at Warren's funeral home are from 10 a. m. to 12; 2 to 5 and 7 to 9 p. m.

MRS. SAMUEL HUNT

Services were held at 2:30 p. m. Wednesday at the Peterson Funeral Home for Birdenia Hunt, wife of Samuel Hunt, 34 Hemlock street. Dr. H. H. Barr officiated and the following were bearers for interment in Oakland cemetery: Henry Hunter, Lloyd VanTassel, Merle and Robert Bailey.

Those who came from away to attend the rites were Mr. and Mrs. Henry Hunter, Tidouette; Mrs. Anthony Gatto, Niagara Falls, N. Y.; Mr. and Mrs. Robert Bailey, Mr. and Mrs. Merle Bailey, Mrs. Eugene Bailey, Bradford; Mr. and Mrs. Emmett Fellows, Mrs. Harry Wittaker and son, John, Jamestown, N. Y.; Mrs. Rose Morron, Pittsburgh; Martin Bailey, Kane.

Thompson's Borsoma Tablets

Often bring quick relief to sufferers from headaches, dizzy spells and miserable aches, and pains. If your kidneys are not carrying off the bodily wastes and excess acid as they should you will ill and cannot tell why. Thompson's Borsoma Tablets aid the kidneys in filtering out these poisons. They are effective and harmless, but bring relief with amazing comfort. 50c at all drug stores. If constipated take Golden Lax Tablets to assist the good work of Thompson's Borsoma Tablets.

TIMES TOPICS

OFFICE CLOSING

The Department of Public Assistance will be closed from Friday, June 30 until Wednesday, July 5.

CAPTAIN IN TOWN

Capt. Robert L. Dennison, U. S. N., here for a brief leave at the Albert Rockwell home, leaves tonight for Washington, D. C., where he is attached to Admiral King's staff.

REPORTED WOUNDED

A War Department list of 150 Pennsylvanians reported wounded in action includes the name of Pfc. Paul Trubie, son of Mrs. Anna Trubie, 404 South Main street, Sheffield, serving in the Mediterranean area.

FAREWELL FOR PASTOR

Members of Calvary Baptist church will tender a farewell party to Pastor Martin Hamlin and his family on Friday evening. The gathering is scheduled at 7:45 p. m. and all friends of the church and pastors of the community are cordially invited.

STORES TO CLOSE

Among the business establishments which will be closed Monday, July 3 and Tuesday, July 4 are Pickett Hardware Co., and the Texas Lunch. They are doing this to give their employees an extended weekend vacation.

CLEANING UP LOT

Ground formerly occupied by Conewango Refining Plant No. 1 during the past few weeks has been cleaned up. Most of the old tankage has been torn out and the old brick and other material in the buildings has been removed. The appearance is greatly improved.

MAILING APPLICATIONS

Inasmuch as the new law relative to manpower goes into effect on Saturday and after that date all firms hiring male employees must have priority ratings applications are being mailed out today. The mailing from the Manpower Commission will set forth many details of the rulings and they must be complied with.

80TH DIVISION REUNION

The 27th annual reunion of the 80th "Blue Ridge" Division will be held in Philadelphia, August 3, 4, and 5, 1944 in the Normandie Hotel. Chairman of the reunion committee is Rodney T. Bonnell of Philadelphia. All veterans of the "Blue Ridge" Division are invited to attend. Carl E. Case, national commander of the 80th Division Veterans Association, will head the delegates from Pennsylvania, Virginia, West Virginia, Ohio, New York and Washington, D. C.

CIGARETTES ARE SCARCE

Cigarette dealers along the city are having their troubles keeping their stocks sufficiently large to care for their trade. The dealers are now getting about 50% of the smokers that they require to supply their trade. In many of the stores the customers are being limited to one or two packages and a number of the best known brands are entirely off the dealers shelves. Cigarets too are few and far between and the six cent brands are seldom seen and most of the cigars are now selling for 11 to 18 cents.

BURGLARY SOLVED

Recent entry and burglary of the Oscar Knorrp filling station at North Warren has been solved by county and State Police, who on Wednesday brought to Warren county jail here a 17-year-old Jamestown lad who formerly lived in Warren. Another boy, aged 14, was also implicated but because of a difference in state laws governing juveniles was remanded to the custody of his parents in that city. The older youth, charged with burglary and larceny, waived extradition and accompanied local officials to Warren. He was arraigned this morning before Justice Tracy Greenlund and was remanded to the custody of the sheriff for certification to juvenile court.

Greenlund Is Advanced At Life Agency

It is learned in a special announcement by the firm today that T. E. G. Greenlund, son of Mr. and Mrs. Tracy Greenlund, of Warren, has been appointed agency manager of the William A. Arnold, 2nd, agency of the Penn Mutual Life Insurance Company, with headquarters in the State street building in Pittsburgh.

Mr. Greenlund will manage the agency during the absence of Mr. Arnold, who has been commissioned a lieutenant (j.g.) in the U. S. Navy and reports for active duty and indoctrination today at Fort Schuyler, New York. Mr. Arnold's commission was one of the last signed by the late Secretary of the Navy, Frank Knox. Company officials prevailed upon Mr. Arnold to keep his Agency while in the service and it will continue to be operated in his name. The Arnold Agency ranks fourth in the country in production volume and the office services more than \$58,000,000 of insurance on the lives of policyholders in central Pennsylvania.

Mr. Greenlund was born in Warren where he attended the public schools, later graduating from Allegheny College. Following graduation from college, he held various positions with a liquid fuel engineering firm in Warren, serving nine years as general manager and secretary. He still serves as director.

He brings to his new post a rich background of experience. He started his life insurance career with the Penn Mutual in Pittsburgh, 1936, specializing in salary savings and pension plans in addition to personal production. In January, 1943, he was appointed territorial manager of the Pittsburgh Agency and supervised 22 agents in western Pennsylvania, eastern Ohio, and the West Virginia Panhandle, accounting for a yearly volume of \$1,375,000 of paid business for the year.

Mr. Greenlund is past master of Joseph Warren Lodge No. 726, F. & A. M.; past master of Occidental Council No. 41, Royal and Select Masters; former member of the Warren First Presbyterian church and the Christ Methodist church of Pittsburgh. He is a member of the Pittsburgh Life Underwriters Association and the Pittsburgh Supervisors Club. He also is a member of two college fraternities, Alpha Chi Rho national college fraternity and Alpha Chi Sigma, professional chemistry college fraternity.

He married Elizabeth Arnold at Pittsburgh in 1928 and they have three children, Tracy, Elizabeth and Arnold.

ARMOUR LEAVES FOR HOME

Buenos Aires, June 29—(P)—United States Ambassador Norman Armour and Chilean Ambassador Conrado Rios Galarido left this morning for their respective home capitals. Armour was accompanied to the airport by the British ambassador Sir David Kelly. (The state department announced earlier this week that Armour had been recalled to Washington for consultations.)

County Boy Home After Long Service

Mr. and Mrs. Frank Wilcox, of Lander, had a happy surprise on Monday when a telephone call came from their son, Arden, radio-man first class in the U. S. Navy, that he had arrived from the Marshall Islands and was in Chicago en route home on a 20-day leave.

RM Wilcox has been in the navy for three and one-half years and was attending radio school at Pearl Harbor when it was attacked by the Japanese in 1941.

He had his basic training at Newport, R. I. and will report to Seattle, Wash., at the end of his leave for further assignment.

CAMPERS NEED A COOK

It is learned today that Camp Birdsall Edey, Girl Scout camp at Grunderville, is facing something of a problem. Sixty-three Brownies are at camp for their first summer session and the staff is badly in need of a cook to replace someone who is obliged to leave today. Anyone having a bit of time to devote to such a project will be doing the staff and campers a big favor if they will call Scout headquarters, 1895.

MEN AND WOMEN IN THE SERVICE

Mrs. Raymond F. Thomas has received word that her husband, F. C. Thomas, has arrived safely at an overseas destination. Mrs. Thomas and baby son, Thomas A. have returned to the Schweitzer home at Hemlock from Warren General Hospital, news from her husband coming while she was a patient there.

PROMOTED IN ENGLAND

Word has been received that Sgt. Earl R. Nobles, son of Mr. and Mrs. L. Nobles, of Clarendon, stationed with an ordnance company in England, has recently been promoted to the rank of staff sergeant.

Republian Nominee Spends Busy Day Confering With Leaders

Pvt. Floyd Passinger has arrived from Camp Clairborne, La., for a 12-day furlough with his mother, Mrs. Eva Passinger, and friends.

(From Page One)

"It seems," he declared, "that the great men who founded this nation really knew what they were talking about when they said that three terms were too many."

A middle course between international aloofness and full membership in any world state was advocated by the shaggy-browed 1944 standard bearer on the tough foreign policy issue.

"We are agreed all of us, he said, 'that America will participate with other sovereign nations in a cooperative effort to prevent future wars.'"

"There are only a very few," he added, "who really believe that America should try to remain aloof from the world. There are only a relatively few who believe it would be practical for America or her allies to renounce all sovereignty and join a super-state."

Senator Robert Taft, of Ohio, chairman of the platform committee, told reporters: "He stands on the platform 100 per cent."

Wendell L. Wilkie, who came from behind to beat Dewey for the nomination in 1940 and who recently criticized the foreign policy plank as "ambiguous," congratulated Dewey and said he has "one of the great opportunities of history."

As his petite brunette wife looked on intently, Dewey first Republican to win the New York governorship in 20 years, made these other points:

1. The first and foremost job is to win the war, and to defeat "once and for all" the German and Japanese will to make war.

2. The present military high command is "doing a superb job" and should be allowed to continue without any civilian interference.

3. The administration now is beset by internal squabbles and feuds—"wrangling, bungling and confusion." In seven pre-war years of "unequalled power and unparalleled spending, the new deal failed utterly to solve" the fundamental problem of providing jobs and opportunity. It has lived in "chattering fear of abundance," specializing in curtailment and restriction.

4. "This must be a land where every man and woman has a fair chance to work and get ahead. We Republicans are agreed that full employment shall be a first objective of national policy."

As early as January, 1943, the Luftwaffe employed a jet-propelled interceptor plane effectively against RAF bombers at Brunswick. Its rate of climb was 412 miles a minute—400 per cent better than our fighter planes.

THURSDAY, JUNE 29, 1944.

THE REPUBLICAN NOMINEE

Norris Paxton, Associated Press correspondent at Chicago, furnishes the following brief sketch of Gov. Thomas E. Dewey, Republican candidate for president:

He's the father of two young sons, likes to visit with neighbors, admires his wife's "good horse sense," is an inveterate golfer, is an Episcopalian but doesn't always attend Sunday service, and has realized an ambition to "own a little farm." And he's the candidate of the Republican party for president of the United States.

Thomas E. Dewey, at 42 governor of New York, got that way by heeding advice such as any college football coach might give. He has "kept his eye on the ball."

Like many other successful young executives in other lines of "work," Dewey mixed a little luck with lots of effort and perseverance to become a political head-liner.

He lost an effort to become New York's governor in 1938, being defeated by Herbert H. Lehman, now director of the United Nations Relief and Rehabilitation Administration (UNRRA). He rectified that with a smashing victory in 1942 which broke a 20-year succession of Democratic governors.

In 1940 he reached for the presidential nomination; saw it slip away to Wendell L. Willkie. He adopted new tactics.

Yesterday's Republican national convention wrote the different result in capital letters.

It was no surprise to those who know Tom Dewey best. He thrives on adversity, and laughs at the "lickings" he has taken.

FOURTH OF JULY CATASTROPHIES

One of the quietest of Fourth of July holidays is approaching for citizens of Warren and surrounding communities. For this reason it is anticipated that there will be a general migration to distant points of pleasure by those who will be able to find the facilities to get away from the front porch or shady back yard. Just as a reminder to those who are planning to travel over the holiday the National Safety Council sends out the following warning:

Almost one thousand Americans—men, women and children—will start out to celebrate the Fourth of July this year, and they won't come back.

They won't come back, the National Safety Council said today, because they die in accidents. Some will be killed in traffic. Others will be drowned. Still others will be burned to death, or killed in falls. Some will die of over-exertion or over-exposure to sun.

This huge holiday accident toll, the Council pointed out, is not inevitable. It can be reduced to the extent that the people of America want it reduced. All that is necessary to reduce it, the Council said, is extra care, common sense and courtesy.

In a united effort to prevent this major catastrophe on the home front, 130 national organizations have joined with the Council in a nationwide campaign to enlist every citizen of the United States in a mass attack on accidents over the Fourth of July holiday period.

The Council emphasizes that the anticipated death toll of almost 1,000 is not a prediction, but is based on the average accident fatality totals for July days in previous years that correspond to this year's holiday period—from noon Saturday, July 1, through Tuesday, the fourth.

Traffic alone may be counted on to take a toll of almost 300 lives in that period, the Council said, unless drivers and pedestrians take special care to avoid accidents.

Let's dedicate this Fourth of July to helping our fighting men and hurting the enemy. Put victory first on the Fourth. Let's not permit accidents to turn it into a Hitler holiday.

WHA-A-A-AT!!!!

The Times-Mirror, long accustomed to reporting fine progress in campaigns and drives in Warren and Warren county, finds itself completely taken back by the first returns from the Fifth War Loan in our county.

Our feelings are perhaps best expressed by the reaction of an editorial worker who, when he heard that only \$400,000 in bonds had been sold to date to meet a quota of \$1,850,000 assigned to individual purchasers, ejaculated,

"WHA-A-A-AT!!!!"

It is almost unbelievable that Warren county, four times one of the leaders in this state in War Loan Drives, would have become so complacent in this most crucial time of this conflict. We are loath to believe that the next few days will not see a sharp turn upward in the sale of "E" Bonds and other issues available to individuals.

Twenty per cent is a very poor percentage at this stage of the campaign—we certainly hope that the workers throughout the county will put forth every effort in the next 24 hours to canvass their districts thoroughly.

T-H-O-U-G-H-T-S

For we brought nothing into this world, and it is certain we can carry nothing out.—I Timothy 6:7.

Ah, make the most of what we yet may spend, Before we, too, into the Dust descend.

—Fitzgerald

The Preliminary Steps Have Been Taken

YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1924

George S. Moran has completed a deal for the purchase of the Jay Jones property on Hazel street. The property was formerly owned by Russell Van Dorn, of the Struthers-Weills Company.

E. T. Abbott has filed an application for permission to operate a bus line between Warren and Jamestown via Sugar Grove.

The Warren Veneer and Panel Company will erect a new addition to their plant 60 x 90 feet. Increase of business makes the addition a necessity.

W. C. Abplanalp will erect a new milk sterilizing plant on Lexington avenue and work will be started at once. The new plant will be modern. The plant will be of brick.

Work has been started on the roof of the big baking plant being built at Laurel street and Fourth avenue. The H. S. King Company is laying the roof.

In 1934

Word has been received that the band from the Meadville home will be in Warren for the IOOF picnic to be held at the Outing Club on the last Thursday in August.

Between 30 and 40 engineers and farmers of Western Pennsylvania who are on a tour of this end of the state will visit the state hospital. They will come to this city from Folk.

Fire at the Riverside Acid Works in the pan house last night did damage to the amount of \$10,000. The department was kept on the job for five hours.

Washington In Wartime

By JACK STINNETT

WASHINGTON—With politicians beginning to think of almost everything in terms of the November elections, they now are starting to wonder openly if the administration isn't supplying the opposition with a few political blockbusters in the handling of foreign policy.

Actually, only history and the opening of a few files that war-time secrecy now keeps closed will make it possible to evaluate the administration's moves. But, unfortunately, history can be weighed only in perspective and those files aren't likely to be opened between now and November.

This is a rather surprising swing of the political pendulum. A few months ago opponents of the President were so uncritical of this country's foreign policies that their political advisers were cautioning them not to broach the subject at all. Their idea was to make the fight for the Presidency on purely domestic issues.

THEN these things happened:

(1) More than a handful of the Irish were stirred up by our demands that Axis diplomats, accused of having an eye on the invasion and both ears to the ground, be tossed out of Elre.

(2) Sweden, Turkey, Spain and several other countries were threatened with economic warfare if they continued selling war supplies to the Axis.

(3) A Polish-American Roman Catholic priest was permitted to visit Russia where he was lionized almost as much as if he had been a personal representative of the government, and anti-Communist Poles and Catholics reacted immediately and vigorously.

job for five hours.

The last legal obstacle to the erection of the Watson Home has been removed by an opinion handed down by Judge D. U. Aird that a home for 30 or 40 women can be erected without regard for the limitation of \$30,000.

The Warren County Motor Club has been notified that there will be no oiling done on county roads before the Fourth of July. This is good news to the drivers of motor cars.

Nearly half of all pedestrian deaths occur away from regular crosswalks.

(4) There was some outspoken criticism on handling of recognition of the new government in Bolivia and some major gum-balling that all wasn't as well as it might be with our "good neighbor" policy.

(5) Troubles with Gen. Charles de Gaulle and the French Committee of Liberation nearer their climax on D-Day and became so muddled that few of our better foreign policy observers could reach any unanimity on the subject other than that it should not have been permitted to happen.

(6) Popular Finnish Minister Procopio and his staff were asked to leave the United States only a few days after Finland announced it was earmarking funds it has in this country for another payment on its war debt.

AS to the right or wrong in these moves, leave that to time and the experts. It still remains that most of them are debatable on the facts now known. And there is no doubt that a good many voters' toes have been trod upon. Polygot America is full of sympathies engendered by blood, marriage, ideals or just plain kind-heartedness.

Administration opposition knows and hasn't wasted any time taking advantage of it. Congress, when in session, is always the most readily available spring-board and none of the above mentioned openings were public a day or so before anti-Roosevelt members were spilling criticism all over the Congressional Record.

Politicians here on both sides of the fence now are wondering if the administration may not have angled itself into a spot where it will have to defend its handling of certain foreign policies at least.

HOLEPROOF SCREENS COMING

The familiar wire window screens that have always caused the home owner so much trouble to patch, and which look so ugly when patched, may soon be replaced by a plastic called Velon. It can be stabbed with a pencil without leaving holes.

CAMERA CHARTS TARGET

A new camera enables an aerial photographer to determine the exact longitude and latitude of each mapping shot taken over a war zone. The camera photographs an enemy installation and so marks the print that bombers may then return to the exact spot.

Murder at CANDLEWOOD

by Gane Bunker Lumley

Chapter 13
SPRING saw Dirk lay the girl back on the couch. He drew a knitted gray shawl over her. He came back across the room, his eyes dark and sick.

Jo was gone, out of their reach. It was as if a door had been closed in their faces. Death had taken Jo Winters, and all that she had left of a clue to her murderer's identity were the three incredible incoherent words: "The...beav...er...moved!"

"What—what's the matter! What happened?"

It was Moira Hastings' voice from the doorway, and there was a quick, sharp note of hysteria in it. She was a tall, colorless wraith in a white chenille housecoat and her black eyes, enormous with fright, were staring at the gray bundle on the couch.

Gil tried to answer, but his lips twisted in an anguished, broken movement and nothing came. Justen muttered:

"Jo is dead!"

"Oh, God, no!" Moira swayed, reached out blindly and caught Great Aunt Adelaide's chair. Dirk, the only calm one in the room, turned the girl toward the front parlor across the hall.

Someone remembered to shut the door to the back parlor, as if a door could shut out all the things the room held. Thereon, aroused by the bell system connecting the house with the shop, where he slept, had come in and he quickly made a fire. Moira, huddled in the wing chair where Dirk had put her, stared into the growing fire, but seemed to take no warmth from its blaze. She didn't look at the others. Spring was too stunned and terrified anyone just yet.

For the first time in all the years, Spring saw her Great Aunt Adelaide beaten in spirit and

body. The old lady slumped in her wheel chair, her cane quiet across her blanketed knees. The high, proud knot of white hair somehow the childish coils gave the rugged old face a pathetic quality. She was close to the end of the circle, thought Spring, with compassion; and Jo's death tonight would do something to come in the wing chair opposite Moira. The fire glow sharpened his thin cheeks, his face was a mask, his eyes evasive.

Aunt Drusilla sat stiffly, alone in the great bay window in the shadows, and she was staring out across the rainy night to that other bay directly opposite in the back parlor. She kept her white hands clasped tightly in her lap. Dirk sat on the couch beside Spring. He looked at the clock on the mantel. It was ten minutes past three.

"We'll have to telephone the police," Gil said heavily.

Spring shook oddly at the glance Justen slid her. Thereon, in with a second load of firewood. He was an ugly hulk of a man. She hadn't liked him from the first, this substitute for Josh. Who was he? And where was Josh? And what was the matter with Moira? Here was the calm, efficient Moira edging on hysterics. Why? Spring shivered in the heat from the fire. Who had passed her

on the stairs? That shadowy, unreal figure etched so brief an instant against the stair window had been the murderer. Spring knew that now, knew that Aunt Dru had been downstairs somewhere in the darkness, too. And how many of the others? She, herself, had been near.

There was no answer to the question shutting back and forth in her mind. There was no reality in anything out of the whole terrifying night except the silent gray heap on the couch in the back parlor. . . .

"WHY don't you call the police?" Great Aunt Adelaide quavered across the room.

Gilbert moved slowly toward the door, leaving it wide open into the hall. Silence, breathless and smothering, fell across the parlor. They waited for Gil to give the number called for central, the telephone cradle for central. It was so still. There was no sound, within the room, or beyond. Suddenly Spring missed the rain's tattoo. Then there was a sharp exclamation outside in the hall.

"Gil was in the doorway again. 'Something's wrong. I can't raise central.'"

"The telephone has been tampered with!" Dirk exclaimed.

"I don't know. It may be trouble in town. From the flood. We'll have to get over to Justen's, some way, and use his telephone."

"You know damn well you can't!" Justen growled. "With seventeen bridges down in the county that little one over my way went down the first night."

"How do you know?" Gil demanded.

"Because I tried it yesterday," Justen replied coolly.

Gil's face clouded. "After you were told to stay in Candlewood!" he said briskly. "The police may be interested in that."

TASTE IT! SEE FOR YOURSELF—
STOX SOUP MIX IS EXTRA-RICH!

PERHAPS you haven't been completely satisfied with regular dry soups. Too thin... you say. Then try Stox! It's got the hearty, satisfying flavor that only extra-richness can give. Why? Stox has such concentrated goodness you don't need to

add butter or extras... just water! Try chicken-type Stox or beef-type Stox today. Yet Stox costs only a dime... serves four to six (makes almost half again as many servings as the majority of canned soups). Get both varieties of Stox today... at your grocer's.

SMELL THAT SOUP!
HOW CAN THEY PUT SO MUCH
GOODNESS IN A BOX! BUT
THE SAME PEOPLE WHO MAKE
CHASE & SANBORN COFFEE
MAKE STOX—SO NO WONDER
IT'S EXTRA-GOOD!

FARM ROUNDUP

Harrisburg, June 29—(A)—The department of agriculture started a flank attack on the Japanese beetles this week with plans to halt their invasion and evidently drive them out of Pennsylvania under the direction of Dr. Thomas L. Guyton, of the Bureau of Plant Industry, traps were placed in the northwestern counties to test whether the insects have invaded the only section of the state still free of the pests.

The traps were baited with an aromatic oil that attracts but does not kill the beetles. Most of the traps were placed in yards and gardens of private residences with the permission of the owners.

To date the only quarantine-free area in Pennsylvania are parts of Erie, Crawford, and Mercer counties. The heavily infested areas continue to be in that section south and east of Harrisburg. Should the tests disclose that the beetles have remained out of the northwestern counties the department planned to concentrate all efforts on eradicating the pests from areas where quarantine regulations are now in effect.

Fresh "dated" eggs proved highly successful in their first test in this state and E. J. Lawless, Jr., head of the bureau of markets in the state agriculture de-

partment now plans similar service on sweet corn, dressed poultry and various fruits and vegetables during the summer months. A chain store organization that initiated the idea of "dated" eggs reported that sales increased 65 per cent in the first six months of the experiment. Prior to using "dated" eggs the stores sold slightly more than 318,000 dozen eggs, but the demand for the new product sent sales up to 525,545 dozen.

The plan used by the stores to produce "dated" eggs started with the farmers taking the eggs to cooperatives at Doylestown, Coatesville, and other points in Montgomery county. They were all candled to see that each egg is absolutely fresh.

Then they are graded, packed in cartons, stamped with a date and shipped to the nearest city markets. The cartons are placed in self-service refrigerated display cases in the chain stores. The Pennsylvania Dairymen's Association awarded a meritorious lifetime certificate to the Hershey Farms, founded by Milton S. Hershey, for the accomplishment of six Holstein cows, four of which produced over 4,000 pounds of butter fat in a lifetime, and the other two near the same poundage.

Two of the cows represented production for nine years, one eight years, and three over a seven year period.

Agents Will Check On Use Tax Violators

Better have a federal tax stamp on your automobile windshield next Saturday if you intend to do any driving. The following Associated Press dispatch was received by the Times-Mirror from Pittsburgh today:

Two hundred special internal revenue field deputies will roam the 24 counties of western Pennsylvania next week to check on violations of the regulation requiring \$5 federal tax stamps on automobile windshields. Internal Revenue Collector Stanley Granger announced.

The penalty for driving without the stamps on and after Saturday is a fine of not more than \$25 or 30 days in jail or both, Granger said. Deputies will be on duty on the Fourth of July, he warned.

North Warren Collection Plans Made

A general salvage pickup will be staged in the North Warren area tomorrow under the sponsorship of the North Warren Civic Club, with Chris Pepke as chairman.

The collection will cover all of North Warren and the Follette Run district as far as the Fehle farm, and will include rags, metal and glass.

All residents of the area are urged to have donations piled on the curb as early as possible in the morning.

DETAIL FOR TODAY
Sick Bay Sailor

A SICK BAY SAILOR is an individual who suddenly becomes sick at the very mention of hard work. He desires to evade toil but at the same time wants it to look official. Hence he is happiest when his name is on the binnacle list—a list of men who are slightly sick and have to perform only light duty. Different pharmacist's mates, however, have different conceptions of "slightly sick." In some cases you get light duty for a sore throat—in others, it takes a broken neck. Regardless of the qualifications, the SICK BAY SAILOR will do his utmost to evade up to them in an effort to get out of doing some hard work.

The Civil Air Patrol League organized to promote both civil and military aviation, covered 25,000,000 miles in coastal patrol in 19 months.

State May Be Winner in Long Contest For Snuff Fortune

By SHIRLEY MAYER

Philadelphia, June 29—(A)—Fifty years ago Walter Garrett, snuff millionaire son of a snuff king, wrote his wife concerning his fortune—"do not let the sea-waves get any if you can help it. I trust you will oblige me by making a will at once. Do not put it off."

Today, because Mrs. Henrietta Schaefer Garrett did not follow her husband's advice, the claims of 26,000 "cousins" and would-be heirs still are being heard by a special master, although the commonwealth of Pennsylvania hopes to snuff out their snuff fortune dreams through escheat.

For 26 years after her husband's death Mrs. Garrett, childless, eccentric, clad always in black, lived obscurely in a house without electricity and with two servants. It is said she left her home only once in the 35 years preceding her death, and she made no will.

Finally she wrote a "request" to "dear Mr. Charles S. Starr," wealthy investment broker and one of the two executors of the estate in which she disposed of \$62,500 among 15 friends and relatives. She neglected to mention the remaining \$17,549,652.48.

When she died in 1930 there be-

gan one of the longest, most involved cases in American legal annals. From almost every state in the union and every country in the world, came claims of those who hoped for the Garrett pot of gold—the fortune amassed by Walter Garrett's father and pyramided by Walter's own fortune and his investments.

While they enter claims, trace family trees, present witnesses, the fortune continues to grow at the rate of about \$500,000 a year. It has reached approximately \$20,000,000 now, with \$9,500,000 invested in war savings bonds.

In Philadelphia orphans court Special Master William J. Davidson, Jr., and Examiner Clinton A. Sowers have been hearing since May 18 the claims of more than 4,500 members of an association known as "The Sheffer Family"—Virginians who say they are "first cousins once removed on down," and claim one common ancestor, Jacob Shaver, who died in 1728.

Others who have thrown their names into the Garrett ring include Pennsylvanians who forged Bible and birth certificates in an effort to prove their relationship. Some of them went to jail. In Germany a man slew his uncle and aunt in a quarrel over the mirage of millions.

Hot Weather Never Feazed Eminent Banker and Farmer

Merle Jordan, U. S. Weather Observer yesterday took a look at Uncle Sam's Recording Thermometer and the sweat began to run down his chin, dribble over his vest and plump down on the good earth in great blobs. In fact he got so enervated with just one look at the 90 degree mark that when he started to walk he stayed in one place for half an hour. It was with an effort that he made his way to Bimber's newspaper and phoned in his report to the Western Union. They do say that he took a lump of ice to work with him and sat on it all day.

It really was hot yesterday but in spite of the heat the Victory Gardens were out in force. Eddie Branch, eminent banker-farmer, who has a plot down at Cully Hultberg's hustled right down there as soon as the clock clanged the closing hour at the bank. "Why are you guys worrying so much about the weather?" quoth Eddie as he watched a couple of fellow born borer battlers toiled up under a tree. "Why back in the old days when I was young and in my prime I used to pitch 22 innings of baseball in one day and it was himpy great." And he laid it with his hoe and had his corn hilled up in no time and then turned his attention to the cut worms and slaughtered a few million of 'em. Fairly glowing under the hot sun his tomatoes ripened with top speed and a couple of 'em began to blush right rosily.

"There is nothing like a little recreation in the garden, it's fun to watch things grow and every time I take a look at my carrots I get ruddy cheeks. Of course the sun may have something to do with it but carrots are really good for the complexion. Look at Lowery's garden there. It needs personal attention and he hiked off to a picnic this afternoon. Well he's gonna regret it next fall when canning time comes and he discovers the corn borers have operated during his absence."

And Eddie gave a few more vigorous whacks with his hoe.

And all the time he worked Old

Sol glowered and turned on ore and more heat doing his best to drive the gardener home. Finally the mercury got up to 92 out in the open and confidentially Hultberg reports that Eddie was darned glad when the whistle blew and the dinner bell rang. And did he sleep even if the mercury didn't sink any lower than 68 the whole night through.

Local Writer Has Article On Therapy

Joseph Gardner, supervisor at Warren State Hospital had an article entitled "A New Horizon for Occupational Therapy" published in the current issue of the official journal of the American Occupational Therapy Association.

He directs attention to the importance of industrial therapy in treating mental patients who are now occupying 50% of all hospital beds, and whose numbers are increasing because of the war. Some interesting comparisons are made from his 24 years experience at the Warren State Hospital where 65% of the men and 54% of the women patients are now constructively occupied.

The work which the patients do is a valuable contribution to their mental and physical fitness as well as an aid to their maintenance. It has almost entirely eliminated serious acts of violence, destruction of clothing and furniture, and the state of bedlam which existed years ago in the institution.

Plastic board, half the weight of aluminum, developed for structural uses in warplanes, does not shatter when pierced by a bullet, and may be cut and bent into numerous shapes.

MADE A CAPTAIN
It is learned today from Fort Bragg, N. C., that Howard DeWitt Smith, 15 Van Ertan avenue, Sheffield, has been promoted from first lieutenant to captain in his infantry division.

Miss Carpenter Is To Be Fall Bride Of Missionaries' Son

Mr. and Mrs. N. A. Carpenter, of North Warren, announce the engagement of their daughter, Elizabeth, to the Rev. H. Arthur Muller, Jr., of Haddonfield, N. J., and Tabriz, Iran, son of the Rev. H. A. Muller, Sr., and Dr. Laura McComb Muller of Tabriz, Iran.

Miss Carpenter is a graduate of Millcreek High school, Erie, and of the Chicago Evangelistic Institute. She received her bachelor of arts degree from Taylor University, Upland, Ind., 1941, and will complete her training for the degree of graduate nurse at the Indiana University Training School for Nurses, Indianapolis, on August 26th of this year.

Mr. Muller is a graduate of the College of Wooster, and of Princeton Seminary, Th. B. He received his master's in theology from that seminary May 16th of this year.

The wedding will be an event of early fall.

MEN AND WOMEN IN SERVICE

Dick Ruhlman, Navy V-12, has arrived from Louisville, Ky., to visit his grandparents, Mr. and Mrs. S. D. Ruhlman, 217 Conewango avenue, and his mother, Mrs. Edith Ruhlman, employed at Buffalo, who is in Warren for the reunion.

Keith Wolford has returned to Bainbridge, Md., after a short leave with his parents Mr. and Mrs. Clyde Morrison, Tidicut.

Dean Joseph Kifer, 18, son of Mr. and Mrs. H. Kifer, 220 Oneida avenue, seaman second class in the U. S. Navy, has completed basic training in the New London, Conn., submarine school. He was graduated in January, 1943, from Warren High, where he was squadman in baseball, football and basketball. He has been in the navy six months and had his preliminary training at Sampson, N. Y.

Mrs. Mary Corah, Union street, received a telegram Wednesday that her son, Pfc. Mac Corah, of the United States Marine Corps, will arrive Saturday or Sunday for a leave with his family. He has been a patient in the Seattle, Wash., naval hospital for some months.

Mr. and Mrs. Louis Vicini, Weldbank, have had word that their son, Pvt. Robert Vicini, has been assigned to Camp Wolters, Texas, for basic training.

Earle G. Flohr, of 593 Conewango avenue, Warren, has arrived in Italy to serve the armed forces as an American Red Cross assistant field director. Until his Red Cross appointment, Flohr was district manager of Mutual Life Insurance, Warren, and chemist for National Forge and Ordnance Company, Irvine. He is a graduate of Pennsylvania State College and a member of the Kiwanis Club, Warren.

Charles Hansen, Se/3c, of the Coast Guards, Lorraine, O., has returned to his base after spending a five-day furlough visiting his parents, Mr. and Mrs. Charles Hansen, Beech street, and other relatives.

Pvt. Roscoe Knapp, stationed at Kelly Field, Texas, is home on 18-day furlough to visit his family and to see his baby daughter born last Saturday in Jamestown General Hospital. His wife is the former Bessie Wilcox, of Lander.

Cpl. Virgil Brasington, who is now located at Fort Ord, Calif., is home on furlough with his parents, Mr. and Mrs. Ralph Brasington, Verbeck street.

Social Events

80TH ANNIVERSARY OF LUTHERAN AID

The Ladies' Aid Society of the First Lutheran church has planned a dinner and program for the evening of July 6, occasion of the organization's 80th birthday anniversary. Invitations have been sent to all members and reservations must be made with Aid officers no later than Monday, July 3.

MARRIED IN WARREN

Mr. and Mrs. Lewis A. Bushey, of Ridgway announce the marriage of their daughter Virginia Lucile to John Laverne Olson, son of Mrs. Ella Olson, of Jefferson avenue, Ridgway, May 17th at St. Paul's Lutheran church in Warren.

CHURCH TO HOLD RUMMAGE SALE

The W. C. C. S. of the Grace church is having a rummage sale in the Beckley building Friday and Saturday of this week. Those donating articles for the sale are asked to bring them to the Beckley building early.

MISSION BAND

Junior Mission Band members will meet in St. Paul's Lutheran church at 2:30 p. m. on Saturday.

Personal Paragraphs

Mrs. Lucille Kelly has left for Muskogee, Okla., to join her husband, Pvt. Delbert Kelly, who is located at Camp Gruber.

Mr. and Mrs. Frank Moore are in Cleveland where they took their daughter Anne for an operation at the Cleveland clinic.

Mrs. Charles Unger arrives from Rochelle, Ill., today to be the guest of Mrs. Corinne Dean and family, 516 Market street.

Mrs. Richard Hill has returned from Philadelphia where she visited her husband who has completed a diesel engineering course at Richmond, Va. He has been transferred to the Amphibious Training Station at Little Creek, Va.

Joseph Scheerer, 11 North street was brought to Warren General Hospital on Wednesday after he had been struck on the left side of the abdomen by a grinding wheel at the Struthers-Wellis plant.

Ivan Hildum, 669 Beech street, employed by Harry Foulkrod as a spray painter, injured his left ankle Wednesday when a scaffold broke and he was thrown to the ground. X-rays were taken and he was discharged.

Mrs. Mary Titus, of Tulsa, Okla., arrived Tuesday to spend the summer months visiting relatives and friends. She was accompanied here by her daughter, Mrs. G. H. Betts, and granddaughter, Alice E. Betts, both of Warren.

Mrs. Clifton Larson, 132 Russell street, has left for Stewart, Fla., to spend an indefinite time with her husband, Pvt. Larson, who is located at Camp Murphy.

Charles Sitler, of Lansing, Mich., arrived this morning for a holiday weekend with his mother, Mrs. E. S. Sitler, his first trip home in three years.

Mrs. L. A. Day, 2 Myrtle street, is a patient in Hamot Hospital in Erie, having been admitted there for treatment.

HEALTH for the NATION Depends First On HEALTH for the FAMILY

No other food that you eat the year 'round abounds with as much food value as do dairy products! The discoveries of science . . . the wisdom of the medical profession . . . the knowledge of housewives and economists . . . all testify to the health-giving qualities of MILK and its kindred products.

Today as never before, the health of our national and our individual families is extremely vital! A nation is no stronger than the amount of dairy products its people consume. It means national and physical victory to fortify your body with minerals and health-giving qualities found in dairy products.

Holding the English record for being longest kept a secret, the British reconnaissance bomber Albemarle was not revealed to the public until after three years of production.

Rubies were believed in ancient times to have the power to stop bleeding.

The CAP (Civil Air Patrol) is seeking some 250,000 youths for preliminary training.

When Your Dream Comes True....

Some day—soon, let us hope—your dream of a new and better postwar home will come true. In your mind's eye, you envision it as a place of peace and beauty, a haven of comfort and security. Naturally its furnishings will reflect the stability and permanence that the bright postwar years will bring. . . . Thus, your choice for your table-of-the-future will inevitably be sterling—sterling silver, the very name of which symbolizes enduring value.

Though silversmiths are mostly doing war work, it is possible to secure essential pieces in leading patterns. From left to right: Francis I. Painted Antique, Georgian Rose and French Renaissance—all by Reed & Barton.

Dance Recital Proved To Be Event
Of Real Pleasure To Large Crowd

Despite temperatures that caused the capacity crowd at the Williams School of Dancing recital last evening to swelter the affair proved one of the most successful affairs of the kind ever held in the city. Every seat in the auditorium was filled when the program opened and round after round of applause greeted the young artists as they presented the various features of the program.

The program was divided into three parts and each proved a delight to the many present. "Love's Dream After the Ball" the opening feature of the program brought Mrs. Williams and her pupils before the large crowd and it proved a most beautiful ballet with many of the younger pupils introduced. The second portion of the program "The Stork Club" was

lighter in conception and the performers drew rounds of applause for their clever work. The third feature of the evening was "The Wedding of the Winds" an original Indian tale conceived by Mrs. Williams proved most pleasing and the finale with the use of black light was beautiful. The colorings of the costumes and the dancing were all that had been expected and sent the final curtain down amidst heavy applause.

During the evening prizes were awarded many of the students and the presentation was made by W. E. Yeager, president of the Chamber of Commerce, who took occasion to congratulate Warren on having among its Civic affairs such an institution as the Williams School of Dancing.

Tired Kidneys
Often Bring
Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent urination, sometimes with burning and stinging, sometimes with something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatism, pain, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

A WORD TO THE WISE

"Wise is the person who in the balmy days of June prepares for the chilly blasts of January."

Josephine Benson
Presents Pupils

A large group of relatives and friends gathered in Bethany Lutheran church in Sheffield to enjoy the musical program given by some of the pupils of Josephine E. Benson.

In addition to the regular piano selections, a vocal solo by little Doris Johnson and a duet by Betty and Patricia Gallagher added variety to the program, which was most pleasing to the audience and held its interest throughout the evening. Playing of the young people reflected careful training and preparation for the occasion on the part of both instructor and performers.

Heard in piano selections were Doris Johnson, Gary Swanson, Billy Johnson, Kay Daniels, Sandra Silva, Mary Ann Fuhring, Patricia Gallagher, David Gustafson, Richard Swanson, Carmen Cummings, Helen Marie Schmidlen, Susan Anderson, Beverly Strandberg, Paul Gustafson, Jeanne Williams, Madeline Slater, Jean Saxton, Gerald Newberg, Betty Gallagher, Joan McAvoy, Kathryn Swanson, Mary Ann Connelly, Jimmy Connelly, Carol Ann Henry, Ardith Hilyer, Ann Marie Johnson, Bernice Cummings, Rosemary Papavero, Virgil Nelson, Shirley Swanson, Nancy Miller, Allene Johnson, Gloria Whitton, Margaret Swanson, Paul Swanson and Betty Gustafson.

HOME ECONOMICS
EXTENSION NEWS
Thelma PrendergastArrange Schedule to Meet
Household Needs

How can a homemaker arrange for a busy 1944 and still keep the family living up to a high standard?

First of all, take time now to think over that year that will have to be done during the year, suggests Mrs. Prendergast, home economics extension representative, Warren county. There will be the usual housework, most likely more gardening and canning, and more community work, as well as the extra care and repair of household furnishings, equipment, and clothing to make them last longer.

The homemaker needs to make a mental schedule of the year's work and decide when some of it must or can best be done. As she makes this outline she will find that the first of the year is the best time in which to repair the furniture, make slip covers, and clean up and oil equipment. The gardening and canning must be done during the growing season and the housework every day.

Another suggestion is to have the family decide on each member's share of the housework for 1944. Each one should accept without question the responsibility of putting away his own clothes, books, toys, and tools.

Besides every member of the family can try to cause less work for the homemaker. If each will eat the same kinds of foods, there will be fewer dishes to prepare. Also if dirt is well washed from soiled hands instead of wiped on towels, the laundry problem is lessened. Each person can be on the alert to do chores that are not asked of him, such as bringing an armful of wood when he passes the woodpile with empty hands.

The homemaker also needs to check her ways of doing household tasks to see if she is doing them the best way and with the least amount of energy and time. For example, putting another pan under the dishpan to raise it to the proper height will take the ache out of tired shoulders and back. A better plan is to raise the sink or put blocks under the table legs to bring the working surface permanently to the proper height.

Woman Urged To Plan Time To Save Confusion

There is a challenge for every individual on the home front to make every minute of his time count. To come out anywhere even at the end of the day or the week takes organizing and planning of one's work, and recreation.

The nation's traffic death toll for the first four months of 1944 was 7650—15 per cent higher than for the same 1943 period.

HONUS WAGNER SCORED 1740 RUNS IN 21 YEARS ...MEL OTT TOPPED RECORD IN 19TH SEASON

Victory National In Thrilling Start

BY CHARLES CHAMBERLAIN

Chicago, June 29—(P)—Golf's blue plate special—a team affair with more combinations than a slot machine—continued today at the old Edgewater playground, where club members still were agog over the 29 Jug McSpaden carved from the first nine.

A carnival atmosphere prevailed—even to the extent of using handy-talkies to broadcast scores back to the club house from out on the course—as mixed foursomes of pros, amateurs, women and seniors teed off on the final lap of their team tournament. The meet will become less involved tomorrow when a hand picked field begins a 72-hole grind for the Chicago victory national championship.

Meanwhile, there are pro-amateur, pro-woman and pro-senior titles to be awarded.

McSpaden, who leads the money circuit with purses of \$15,100 after dominating the winter tour, traveled around the compact Edgewater layout in 29-35—64 yesterday, equaling the course record. Par is 35-36—71, and 18 pros and two amateurs matched or bettered those figures in the limbering up exercises for the main tournament.

No one could remember—including Ed Dudley, president of the PGA—any other player's shooting as low as a 29 for nine holes in major competition.

Big Cookie

Sigmund Jakubicki, 6-2, 200 pounds, was out of organized baseball six years when prevailed upon to give the Browns' pitching staff a lift that is helping to keep a St. Louis club on the American as well as National League.

INDEPENDENCE DAY

1944

Here, in the Immortal Words of our Fighting Forefathers, is

WHAT WE ARE FIGHTING FOR TODAY!

NO FINER STATEMENTS OF THE PRINCIPLES OF HUMAN FREEDOM EXIST, THAN THOSE WHICH FOLLOW. AS AN AMERICAN, READ THEM.

From the Declaration of Independence, adopted by the Continental Congress, in Philadelphia, on July 4, 1776.

WE HOLD these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. . . . And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor.

From Lincoln's Gettysburg Address, delivered Nov. 19, 1863 on the field where the climactic battle of the Civil War had been fought on July 1-3 of that year.

"Fourscore and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal . . .

It is for us the living . . . to be dedicated . . . to the unfinished work which they who fought . . . have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom—that government of the people, by the people, for the people shall not perish from the earth."

From the Constitution of the United States, adopted by a convention of States' delegates, in Philadelphia, on Sept. 17, 1787. These are the words of its Preamble:

"We, the people of the United States, in order to form a more perfect Union, establish justice, insure domestic tranquillity, provide for the common defence, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America."

COLE HILL

Weekend guests of Mr. and Mrs. Paul Holmes at Torpedo were Leo Burt and children, Ruby, Ruth, Dorothy, Ronald, Jack and Mr. and Mrs. Harry Proper, Mr. and Mrs. Howard Benson and daughter of Plummer, Howard Benson is home on furlough from Camp Blanding, Florida.

Donald Wagner is attending the armed guard school, Gunners crew at the Navy Yard at Norfolk, Va.

A 9 lb. son was born to Mr. and Mrs. Wesley Lindsay of Torpedo Wednesday, June 1st at 8 a. m.

DRINK TEA BY RULES

According to oriental rules of Cha-No-Yu, official tea ritual of Japan, to serve tea properly you must serve it in a room exactly 10 feet square, entered from a specially designed garden by a door only three feet high.

Europeans discovered gold on the Brazilian plateau in 1693.

SPORT SHORTS

Stockholm, June 29—(P)—Arne Andersson, who smashed a lot of Gunder Haegg's world records while Haegg was in America last summer, now can boast his first victory over his famous countryman. They met for the first time in two years yesterday and Andersson won a 1500 meter duel in 3:48.8, nearly four seconds slower than his own world mark. Haegg's time was 3:50.2. Andersson indicated that muggy weather had prevented breaking his record of 3:45.

Rye, N. Y., June 29—(P)—Ellis Knowles, who is likely to become the first three-time winner of the United States senior golf championship, contends that he is a better golfer now than he was intercollegiate champion and quarter-finalist in the national amateur tourney in 1907. The 57-year-old Knowles shot 71-74—145 to lead the first division of seniors, over the Apawamis course. He pointed out that in 1906, a 77 was a good enough score to win the intercollegiate qualifying medal. The second division of seniors will play today and tomorrow but none is expected to threaten Knowles' lead.

FARM NEWS

Save Farm Containers.—The growing shortage of containers, both new and used, prompts agricultural economists at the Pennsylvania State College to urge all farmers to save, salvage and repair every box, crate, lug, or other type of container. They warn that the shortage of containers for shipping and marketing is growing worse, due to heavy inroads made by war conditions.

Need Bees For Clover Seed.—Bees are needed to pollinate clover being raised as a seed crop, apiculturists find at the Pennsylvania State College. Unless honeybees are placed close to clover fields to pollinate the blossoms, the seed crop will not be nearly so great as it should be to meet growing shortages in seeds.

Cull Poultry Flocks Now.—Lack of adequate protein feeds, shortages of labor, and existing market conditions should prompt a thorough culling of all poultry flocks now, say extension poultry specialists at the Pennsylvania State College. Cull out all non-layers to save feed for the hen that produces. Systematic culling reduces costs, also.

Hogs Require Shade in Summer.—Hogs cannot stand exposure to heat of the sun in summer months without serious trouble, point out swine specialists at the Pennsylvania State College. If no natural shade is available, simple hogshades should be built. Hogs also require ample supplies of water to digest food properly and make proper gains.

Smut on Barley.—Plant disease specialists at the Pennsylvania State College report serious infestations of both loose smut and covered smut in barley fields this year. Farmers are urged to watch barley stands to plan proper precautions for next season's seeds in order to control the smut.

Recorded aircraft movements along the 35,000 miles of federal highways jumped from 300,000 in 1938 to more than 16,000,000 in 1943, and is expected to reach 60,000,000 in 1950.

SAVE WASTE PAPER!

Our fighting men depend on paper every step of the way to Berlin and Tokyo. For paper goes into 700,000 battle items—shell and cartridge containers, bomb bands, helmet linings.

But waste paper supplies are critically short—our reserves are dangerously low. That's why you are asked to save waste paper. *Never burn it.* Collect all kinds of waste paper—corrugated, brown, wrappings, newspapers and magazines, and get your children and friends to do the same. Bundle it up—turn it in—to shorten the war and save precious lives!

GERMANS ARE TAKING A 100-TO-1 PASTING

Boston, June 29—(P)—The Germans are taking a 100-to-1 projective pasting from Americans, according to Lt. Gen. Jacob I. Dever, deputy commander of ordnance forces in the Mediterranean area.

In a letter to Maj. Gen. L. H. Campbell, Jr., chief ordnance, army service forces, Gen. Dever said:

"It is true that they have guns which shoot projectiles, and that projectiles kill when they hit the right spot. However, for every projectile they throw over, we throw back one hundred."

Dever added that most German equipment was obsolete in comparison to American weapons.

Sylvania's Group Insurance Plan Reaches New High Rate

Employees of Sylvania Electric Products, Inc., now hold a total of over \$15,000,000 worth of group life insurance under the insurance plan of the mutual benefit employee's association in the company's plants. This new high mark including all plants was announced to members of the plan in the Sylvania BEAM, company employees' magazine.

Practically all members of the company with more than two months' service are members of the employees' association. The company contributes half the cost of the plan, matching each employee's contribution of 15 cents a

week. Besides insurance coverage, membership provides weekly sick benefits, hospital benefits, and other advantages including a broad recreational program.

The Sylvania Employees association in Pennsylvania reports payments for the fiscal year ended April 30, 1944 as follows: Life insurance death claims paid: \$14,000; previous year \$13,500; Hospital benefits \$24,350.82; previous year \$13,838.60; Sick benefits \$36,105.44; previous year \$22,316.05. Pennsylvania members increased from 5,422 to 5,599.

Jack Hayward, of Emporium, was appointed coordinator of the association's Pennsylvania activities to handle problems connected with the expansion in S. E. A. activities, and the number of members and plants.

Police Hunt Three Patients Who Escaped

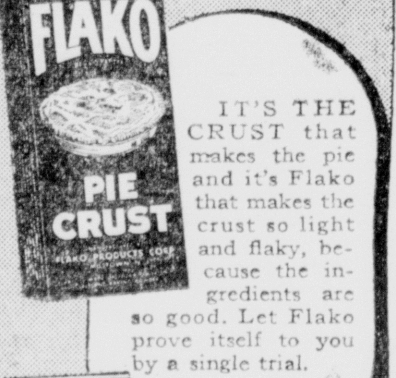

Police last evening were on a still hunt for three patients who walked away from the state hospital. One of them was a girl from Erie and she is thought to have driven away from North Warren in a blue Dodge panel truck owned by Lundberg's. Police covered the city and the roads leading in and out of town but failed to find a clue to the girls whereabouts. Two men patients were also hunted by the police and they searched a freight train on the New York Central railroad. No clues to their whereabouts were found. None of the three are characterized as dangerous.

Another cat lost its nine lives yesterday afternoon. The cat was struck by an automobile and the police were called to give the feline the coupe de grace with a well aimed shot from a revolver.

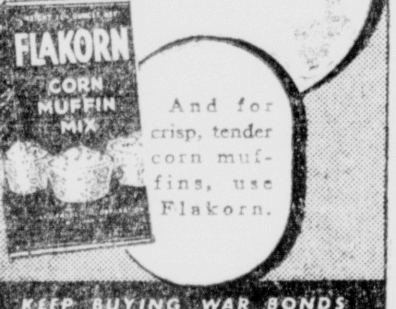

And the watermelon season is in. Yesterday Emmons Jones of the Smith-Horton Company seized a youth who was seizing one of the luscious melons at the grocery warehouse. The lad was taken into the warehouse until the police arrived but before the coppers arrived the lad slipped out and made a get-away.

THIRD OF RELIEF FOR CLOTHES

Since clothing standards declined more than dietary levels in Europe during the 1943-44 winter, UNRRA believes that about a third of our relief contribution should be spent for garments.

FLAKO
PIE CRUST
IT'S THE CRUST that makes the pie and it's Flako that makes the crust so light and flaky, because the ingredients are so good. Let Flako prove itself to you by a single trial.

FLAKORN
CORN MUFFINS
And for crisp, tender corn muffins, use Flakorn.

TIMES TOPICS

STUDENTS LEAVE

Rebecca and Dorothy Ann Harris, daughters of Mr. and Mrs. H. D. Harris, 31 Buchanan street, left today for Philadelphia, the former to begin her studies as student dietitian at Philadelphia General Hospital, the latter to continue her work as Cadet Nurse Corps student at Jefferson Hospital.

TO NOTRE DAME

Comdr. and Mrs. Z. Magno de Carvalho and children, 404 Poplar street, will leave tomorrow morning for South Bend, Ind., where their older son, Fernando Luis, will begin his studies at Notre Dame. He was a member of the 1943 graduating class in Warren High School.

QUARTER CENTURY

Forty-three agents of the American Surety Company of New York, scattered throughout the country, have been awarded certificates in recognition of 25 years of service with the firm. It is announced today by the New York office. The list includes the name of Sidney D. Blackman, of Warren.

PROGRESS MADE

Good progress is being made in the erection of the new front being placed on the Norris Buildings Pennsylvania avenue, west. Piers had to be constructed from the ground level to support the steel pillars being put in place. The glass brick which will be a feature of the front has arrived and has been unloaded on the job.

BROTHER HONORED

Mrs. Henry Shield and children, Mary Jane and Robert, have returned home after spending the past two weeks with the former's mother, Mrs. Gurney Blyler, at Williamstown, Pa., and welcoming home T/Sgt. Kent M. Blyler, who has arrived after a period of three years and nine months in Hawaii and the Southwest Pacific theatre of operations. Sgt. Blyler is on a delayed route to Atlantic City for a 15-day rest and reassignment. He has received the Good Conduct Medal, a citation for bravery at Pearl Harbor and an award for the Asiatic-Pacific campaign in the Northern Solomons.
